This year, we are pleased to announce that we are in 41 locations and 8 states with our unique summer camp programming for kids ages 3-16. Please visit our website at TheHandworkStudio.com/Locations for exact locations and pricing. If you are interested in having a Handwork Studio Camp in your neighborhood, please give us a call at 610.660.9600.

FIBER CRAFTS

Love — Proud campers hugging their newly-sewn stuffed animals, the giggles of children nestled around their teacher listening to how Bea the Sheep fits into her flock, or the swoosh of a cape zooming by as superheroes play in newly-stitched capes are all visions you'll see at our fiber and needle arts camp. Our kind and patient counselors will gently coax little hands to make adorable and lovable projects that will be unique to each special story we read during the week. We've designed this Fiber Crafts Camp to combine just the right amount of crafting, storytelling, fiber play, rest, and of course, love, to create an enchanting environment of creativity and fun.

AGES 3 TO 5

"Emily loved it. She went for one week this year and wants to go for three weeks next summer. She said it was her favorite camp this summer. Thank you to the kind instructors!"

AGES 5 TO 12

HANDWORK DAY CAMP

Imagine your child spending her day in the care of warm and loving counselors knitting, crocheting, hand and machine sewing the day away making the most adorable creations. Laying on the floor or nestled under a table, you will see children sharing stories and laughs while stitching projects like snuggly creatures, mermaids in crocheted bikini tops, warm flannel pj shorts or needle-felted sushi.* Our camps will envelop your child in creativity, imagination and giggles. Our goal is to teach these wonderful skills in a space where they have fun and are allowed to express themselves. Every week, join us for a different array of amazing crafts. Whether building on old skills or learning brand new ones, our camp is sure to delight.

* Our curriculum changes from week to week and year to year bringing your child the latest on trend crafts to enjoy.

SEE IT. SOLVE IT. SEW IT.

Pricing and daily schedules may vary according to specific location. For more information please visit www.TheHandworkStudio.com/Locations

GLAMORIZE YOUR DOLL

Discover the fun in The Handwork Studio's newest program! Glamorize Your Doll is designed for campers who have the desire to create trendy clothes and accessories for their very own 18" doll. Fun and skilled Handwork Studio counselors will teach machine and hand-sewing, embroidery, and other embellishing techniques to allow campers to craft their own unique creations for their doll friends. Just bring your own doll and imagination!

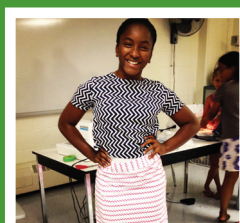

AGES 7 TO 10

FASHION & MACHINE SEWING CAMP

Whether you have a budding fashionista with her own sense of style and design or a crafty kid who craves making a one-of-a-kind panda unicorn, then our camp may be just the thing. Our patient, fun-loving counselors understand your child wants control over her choices. With more than 20 sewing patterns and bolts and bolts of tempting fabric, she will gain confidence and ownership in what she creates.

Once again, we are thrilled to work with author, blogger and designer Brett Bara's book, *Sewing in a Straight Line*, and with patterns from Simplicity Creative Group. There are more than enough options and fun to keep your child coming back week after week!

AGES 9 TO 15

AGES 11 TO 16

TEEN FASHION BOOTCAMP

In this award-winning program, aspiring fashion designers will spend 3 weeks learning to execute a collection. From sketching and draping to sewing and modeling, watch your fashion dreams come to life! Campers will gain real life experience by going on a fabric buying field trip. As an exciting culmination to the program, campers will have the opportunity to model their designs for friends and family. Camp includes a take home sewing kit and transportation for the field trip. Additional materials fee for shopping field trips-approximately \$100.
