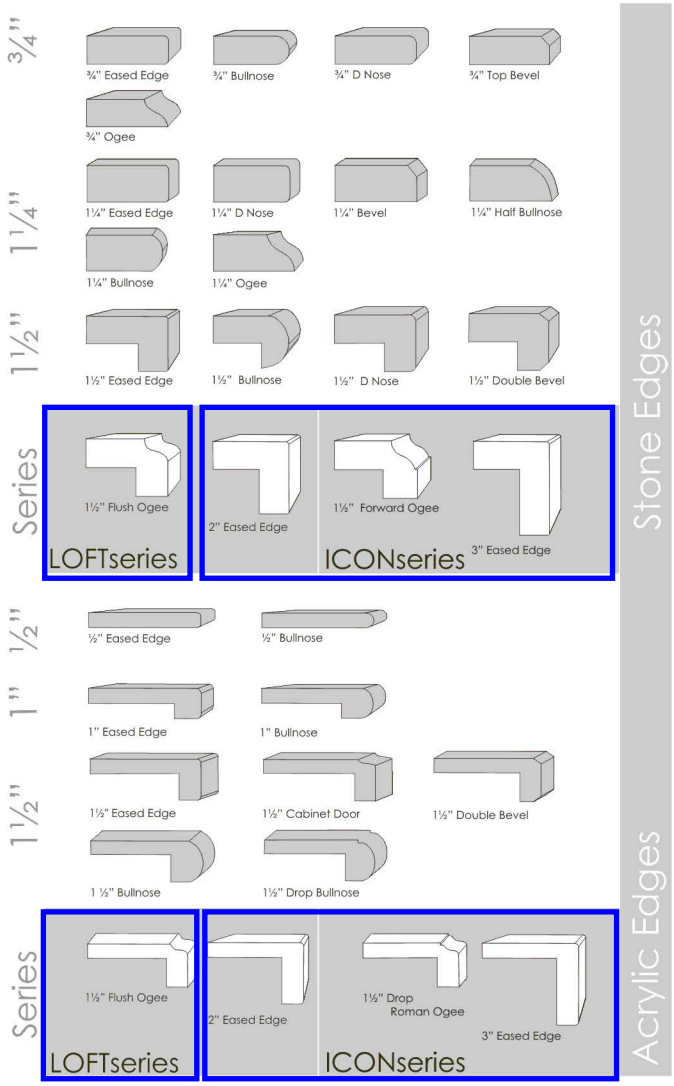
Edge Name _____



Estimated Template Date _____ Estimated Installation Date _____

All information must be completely filled in by the dealer and/or customer or templating will not occur. When sink or stove dimensions are to be on site and ARE NOT at the time of templating, the job may be put on hold. It is the dealers responsibility to obtain all specs after templating. Seam locations are at the sole discretion of the fabricator. **Apron sinks must be installed prior to template. Customer has been informed about the properties of the surfaces including (but not limited to) thermal shock and chipping. Samples are only representation of colours. Actual slabs will differ from samples.

I/We hereby acknowledge the information stated above is correct and final.
