Handwork Grades K-6

No matter your child's age or ability, kids are patiently taught various age appropriate handwork skills such as knitting, crocheting, embroidery, and embellishments. Many different projects are completed during the year. As your child's skills grow, so does the complexity of the projects.

Machine Sewing Grades 3-8

Kids will learn to machine sew while making fun and on trend projects. They will learn practical skills that will last a lifetime all while having fun and feeling good about themselves and their accomplishments. Totally cool projects for today's totally cool kids.

Open Studio Grades 6-11

It is all about choice in this class designed especially for teens. During open studio time, kids will select a project, sew and embellish the way they want! Perfect class for our experienced machine sewers who are looking to choose what they will make; however, if you have no experience, we will help you choose projects that will be easy to master. Please bring in a pattern of something you would like to make or choose from one of our many patterns.
