

a kids' needle arts and fashion camp

THE  
HANDWORK  
STUDIO

SUMMER 2014

EXPLORE. CREATE. SMILE.

AGES 3 TO 5

## FIBER CRAFTS

**Love** — Proud campers hugging their newly-sewn stuffed animals, and the giggles of children nestled around their teacher listening to how Bea the Sheep fits into her flock, or the swoosh of a cape zooming by as superheroes play in newly-stitched capes are all visions you'll see at our fiber and needle arts camp. Our kind and patient counselors will gently coax little hands to make adorable and lovable projects that will be unique to each special story we read during the week. We've designed this fiber crafts camp to combine just the right amount of crafting, storytelling, fiber play, rest, and of course love, to create an enchanting environment of creativity and fun.

## FASHION & MACHINE SEWING CAMP

Whether you have a budding fashionista with her own sense of style and design or a crafty kid who craves making a one-of-a-kind panda unicorn, then our camp may be just the thing. Our patient, fun-loving counselors understand your child wants control over her choices. With more than 20 sewing patterns and bolts and bolts of tempting fabric, she will gain confidence and ownership in what she creates.

Once again, we are thrilled to work with author, blogger, designer Brett Bara's book, "Sewing in a Straight Line" and Simplicity Creative Group. Their patterns bring style and ease to our curriculum. There are more than enough options and fun to keep your child coming back week after week!

AGES 10 TO 15

AGES 10 TO 15

## FABRIC DESIGN: IMAGINE. ALTER & SEW

Campers will be empowered to think outside of the box by merging technology with textile arts. Professional artists will teach your child the process of applying different design techniques to fabric such as, screen-printing, digital patternmaking, and much more. At the end of the design process campers will then sew their one of a kind fabric into a unique creation.

AGES 5 TO 12

## HANDWORK DAY CAMP

Imagine your child spending her day in the care of warm and loving counselors knitting, crocheting, hand and machine sewing the day away making the most adorable creations. Laying on the floor or nestled under a table, you will see children sharing stories and laughs while stitching snuggly creatures, mermaids in crocheted bikini tops, warm flannel pj shorts or needle-felted sushi. Our camps will envelope your child in creativity, imagination and giggles. Our goal is to teach these wonderful skills in a space where they have fun and are allowed to express themselves. Every week, join us for a different array of amazing crafts. Whether building on old skills or learning brand new ones, our camp is sure to delight.

(Jay McCarroll, Project Runway Winner working with camp designers.)

(Campers at Mood in NYC.)

AGES 12 TO 15

## TEEN FASHION BOOTCAMP

In this award-winning program, aspiring fashion designers will spend 3 weeks learning to execute a collection. From sketching and draping to sewing and modeling, watch your fashion dreams come to life! Campers will gain real life experience by going on a fabric buying field trip and participating in a workshop led by, Jay McCarroll, season 1 winner of Project Runway. As an exciting culmination to the program, campers will have the opportunity to model their designs for friends and family. Camp includes a fashion sketchbook, take home sewing kit, and transportation for the field trip. Additional materials fee for shopping field trips-approximately \$100.

"It was a great experience and it provided exposure to all areas of the design process."

## SEE IT. SOLVE IT. SEW IT.

**Pricing and daily schedules may vary according to specific location. For more information please visit [www.TheHandworkStudio.com/Locations](http://www.TheHandworkStudio.com/Locations)**
