BulwarkFR®

ARM YOURSELF

MORE PEOPLE ARM THEMSELVES WITH BULWARK® THAN ANY OTHER FR BRAND.

We are Bulwark. The world's leading flame-resistant (FR) apparel brand. And the relentless protectors of the people who power the world. From outfitting you with the finest, most advanced, most intuitively designed FR products ever made, to surrounding you with the industry's premier FR education programs and consultative services, to backing every other FR brand in VF's unrivaled portfolio with more than 46 years of frontline experience, we are your total FR solution. So when you see our triangle on your left, trust you've done everything right. Because with Bulwark, you are armed – literally, and figuratively – with the world's best.

FABRIC GUIDE

Use our fabric guide to help you select the optimal Bulwark® fabric for any situation. Our comprehensive range of industry-leading options guarantees a perfect fit for a wide variety of industrial applications.

iQ SERIES®

iQ products shift our collective mindset from the garment to the wearer and are designed to solve real-world problems. From the yarn blending to the fabric finishing, this product is created by a team of professionals with a hands-on approach. iQ products are created from blends of high performance fibers incorporated into superior fabrics, iQ products are available in a variety of weights and are designed to achieve multiple industry standards.

EXCEL FR®

100% COTTON. 100% COMFORT.
100% FLAME-RESISTANT.

EXCEL FR® cotton garments offer unbeatable protection for foundries, flame cutting and welding, as well as electrical utilities and the chemical, oil, gas and petrochemical industries. All EXCEL FR® cotton apparel is permanently treated to guarantee flame resistance for the life of the garment.

EXCEL FR® COMFORTOUCH®

COTTON'S COMFORT. NYLON'S DURABILITY.

This practical 88% Cotton/12% Nylon blend provides long-lasting protection for nearly all work environments. Ideal applications include ferrous metals, electrical utilities and the chemical, oil, gas and petrochemical industries. Every EXCEL FR® ComforTouch® garment is engineered to provide flame resistance for the life of the garment.

NOMEX® IIIA

LIGHTWEIGHT. BREATHABLE.
INHERENTLY FLAME-RESISTANT.

DuPont Nomex® IIIA (93% Nomex® Aramid/5% Kevlar® Aramid/2% Anti-Static Fiber) garments are extremely durable. Nomex® IIIA apparel is preferred by workers in petrochemical and refinery environments and makes a great choice for electric and gas utility workers.

COOLTOUCH® 2

DURABLE. WICKABLE. BLENDED INHERENT.

CoolTouch® 2 garments provide flame-resistant protection in a lightweight blended fabric (48% Modacrylic/37% Lyocell/15% Para-Aramid and 45% Modacrylic/35% Lyocell/15% Polyamide/ 5% Para-Aramid). The result – unbeatable softness coupled with lasting durability and available in CAT1 and CAT2 protection.

FR HI-VISIBILITY

FLAME-RESISTANT. COMFORTABLE. COMPLIANT.

Bulwark® offers garments designed to provide additional wearer safety during periods of limited visibility or in the often complex and varying backgrounds found in many occupations such as traffic control, construction and utility work along roadways and equipment operation.

HI-VISIBILITY RAINWEAR

BE SAFE. BE DRY. BE SEEN.

Flame-resistant rainwear from Bulwark® provides an effective barrier against rain and wind. Extra confidence comes from knowing these garments will not melt, drip or burn when exposed to an electrical arc or flash fire.

MOLTEN METAL® PROTECTION

SHED MOLTEN ALUMINUM. CAST OFF CRYOLITE.

Because of its unique ability to shed molten aluminum as well as cryolite, specialized Molten Metal® Protective garments are used extensively throughout the aluminum casting industry. Our products are inherently flame-resistant, so their ability to protect will never be compromised by laundering.

FR DISPOSABLES

PROTECT OTHER GARMENTS.
PREVENT CONTAMINANT SOILING.

Sontara® Extend FR garments are water-repellent and made to withstand minor splashes without saturation to garments underneath. Use them to extend the life of more expensive thermal protective garments.

ELECTRICAL SWITCHING CLOTHING

PROTECTION FOR MAXIMUM EXPOSURE.

For employees installing, maintaining or repairing high-voltage electrical systems, Bulwark's 40 cal/cm² electrical switching coat, bib and hood with face shield provide protection from extreme electrical arc risks.

ICON LEGEND

Throughout the catalog, you will notice different icons next to the product descriptions for our garments. The icons help you quickly determine new products, CAT protection, NFPA® 2112 Compliance and ISO/EN certification.

NEW

NEW PRODUCT FOR 2019

ARC RATINGS

Short sleeved FR shirts are not intended to be worn as single layer protection because they do not fully cover potentially exposed areas as completely as possible.

1 CAT

CATEGORY 1 PROTECTION
Arc-rated FR long-sleeve shirt and FR pants or FR coverall with a required minimum Arc Rating of 4 cal/cm².

2 CAT

CATEGORY 2 PROTECTION
Arc-rated FR long-sleeve shirt and FR pants or FR coverall with a required minimum Arc Rating of 8 cal/cm².

3 CAT

CATEGORY 3 PROTECTION
Arc-rated FR long-sleeve shirt and pants or FR coverall, and arc flash suit selected so that the system arc rating meets a required minimum Arc Rating of 25 cal/cm².

4 CAT

CATEGORY 4 PROTECTION
Arc-rated FR long-sleeve shirt and pants or FR coverall, and arc flash suit selected so that the system arc rating meets a required minimum Arc Rating of 40 cal/cm². CAT4 outerwear is not equivalent to 40 cal switching gear/flash suit and does not offer equivalent protection to workers in engaged in switching and/or similar activities.

CLASSIFIED UL

NFPA® 2112 COMPLIANT
Bulwark® Protective Apparel offers flame-resistant protective garments that are certified by Underwriters Laboratories to meet the requirements of NFPA® 2112 Standard on Flame Resistant Garments for Protection of Industrial Personnel Against Flash Fire, 2018 Edition. NFPA® 2113 Standard on Selection, Care, Use, and Maintenance of Flame Resistant Garments for Protection of Industrial Personnel Against Flash Fire, 2015 Edition, requires that garments cover the upper and lower body and flammable underlayers as completely as possible. Bulwark® garments meet this requirement either as a single garment such as a coverall or when worn with another certified garment such as a shirt or pants to provide both upper and lower body coverage.

CE

This **BULWARK® FR** collection has been designed according to EU Regulation 2016/425 and specifically to the European Standards ISO 13688:2013 (General Requirements for protective clothing), EN ISO 11612:2015 (Protective Clothing for Industrial workers exposed to heat and flame), EN 1149-5:2008 (Protective clothing – Electrostatic properties) and IEC 61482-2:2009 (Protective Clothing against the thermal hazards of an electric arc) to the referenced performance levels. ECType examination by a Notified Body has proven that the clothing meets the fundamental requirements as described in the European Directive EU Regulation 2016/425. The CE mark is the visible sign of our compliant PPE.

WASH CODES

Do not use bleach, hydrogen peroxide, starch or fabric softeners on any Bulwark garment. Please visit bulwark.com for complete laundry instructions.

IL-HS

INDUSTRIAL LAUNDER - HEAVY SOIL: This method of laundering is commonly used to remove heavy soil with a combination of higher water temperature (160° F max) and harsher chemistry. pH should be held to 11.5 max. More aggressive wash formulas may be necessary to remove heavy soils but may result in accelerated color loss, deterioration in performance of retroreflective trim and overall reduced garment service life.

IL-LS

INDUSTRIAL LAUNDER - LIGHT SOIL: This less aggressive (industrial) laundering process is commonly used on uniforms which are lightly soiled or made of fabrics that are not designed to withstand higher wash temperatures or harsher chemistry. In a typical light soil formula, water temperatures are usually held to a maximum of 140° F and pH to 10.5 max.

HW

HOME WASH: A laundering process normally defined as washing in a residential type top- or front-loading unit followed by tumble drying. Detergents used in this process are formulated for home use and are readily available on the consumer market.

ARM YOURSELF

iQ SERIES®

THE INDUSTRY'S ONGOING CALL FOR SMARTER FR DESERVES A REVOLUTIONARY RESPONSE. THE BULWARK® iQ SERIES®. EVERY iQ GARMENT IS THE PRODUCT OF A NEW WAY OF THINKING: DESIGN TO SOLVE REAL WORLD FR PROBLEMS UNCOVERED FROM FIRST-HAND, REAL-WEAR INSIGHTS. THEN EMPLOY THE LATEST SCIENTIFIC ADVANCEMENTS AND FABRIC TECHNOLOGIES TO BRING THOSE DESIGNS TO LIFE. THE FUTURE OF FR IS HERE. AND IT'S BRIGHTER THAN EVER BEFORE.

iQ SERIES® ENDURANCE COLLECTION.

FR WORKWEAR WON'T PASS MUSTER IF IT DOESN'T LAST. THE iQ SERIES® ENDURANCE COLLECTION IS A LINE OF DURABLE FR WITHOUT THE TRADEOFFS AND COMPROMISES TRADITIONALLY ASSOCIATED WITH DURABILITY. iQ'S REVOLUTIONARY DUAL ELEMENTAL PROTECTION PENETRATES FR CHEMISTRY DEEP INTO THE FIBER OF THE FABRIC WITHOUT ADDING WEIGHT, WHILE THE ADDITION OF POLYESTER IMPROVES STRENGTH AND OVERALL DURABILITY, SO YOU CAN BE CONFIDENT YOUR FR PROTECTION WILL LAST EVERY BIT AS LONG AS YOU DO.

iQ SERIES®
ENDURANCE WOMEN'S SHIRT

An FR shirt with a feminine look and feel? You better believe it. The Bulwark® Endurance Work Shirt is made for a woman's body, with princess seams at the front for a more feminine fit. But you'll still get all the protection of Bulwark FR gear and the comfort of our iQ Series®, made exclusively with Westex G2™ fabrics by Milliken®. Full underarm gussets allow you to move freely, while pockets give you easy access to storage. And because it's part of the iQ Series Endurance line, this shirt can take as many washes as you can give it without losing its FR protection.

iQ SERIES® COMFORT KNIT POLOS

A comfortable, casual polo shirt made for FR compliance. Believe it. The iQ Series® Polo shirts are available in both short and long sleeve variations, so you can enjoy the lightweight, moisture-wicking material all year round. Underarm gussets allow you to reach, without your shirt coming untucked, while hidden ribbing in the cuffs keeps long sleeves in place. The zipper placket gives these shirts a contemporary and stylish look with CAT2 and 2112 labels easily visible on the sleeve.

iQ SERIES® COMFORT PLUS KNIT HENLEY

The iQ Series® Comfort Plus Knit Henleys are the next-generation of FR workwear. The lightweight, moisture-wicking material is the first of its kind—available exclusively with Westex G2™ fabrics by Milliken®. Underarm gussets allow you to stretch and reach, without your shirt riding up, while ribbing in the cuffs keeps your sleeves securely in place. The 4-button placket and contrast stitching give this Henley a contemporary and stylish look, with the FR protection you expect from Bulwark—with CAT2 and 2112 labels easily visible on the sleeve.

Your everyday t-shirt, reinvented for work. The iQ Series® T-Shirt is available in both short and long sleeve variations, so you can enjoy the lightweight, moisture-wicking material all year round. Underarm gussets allow you to reach, without your shirt coming untucked, while hidden ribbing in the cuffs keeps long sleeves in place. Contrast stitching gives these shirts a contemporary and stylish look, while a concealed chest pocket with pencil stall provides safe storage. Protection level is clearly marked with CAT2 and 2112 labels easily visible on the sleeve.

iQ SERIES® COMFORT KNIT TEE WITH REFLECTIVE TRIM

iQ SERIES® COMFORT KNIT WOMEN'S POLO

Revolutionary FR workwear designed for women's bodies. The QT15 polo is designed for fit and comfort, with FR compliance, of course. The 4-button placket allows you to button all the way up for maximum safety, or unbutton when you're out of the line of fire. Shirring at the back of this shirt, with a two-ply yoke creates a feminine silhouette, and the concealed rib knit cuffs stay in place all day long.

QT15KH

iQ SERIES® COMFORT KNIT WOMEN'S POLO WITH 4-BUTTON PLACKET

HI-VIS ICON LEGEND

HI-VIS | ROADWAY TYPE R CLASS 2

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 2 garments require the use of greater amounts of hi-visibility materials which help distinguish between a human and an inanimate object.

HI-VIS | ROADWAY TYPE R CLASS 3

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 3 garments mandate an even higher standard of visibility for workers in moving, complex backgrounds.

HI-VIS | SUPPLEMENTAL CLASS E

Pants, bib overalls, shorts and gaiters meeting minimum area requirements for background material and retroreflective trim. Class E apparel, however, cannot be worn alone to provide adequate visibility of workers. When Class E items are worn with Performance Class 2 or Class 3 apparel, the overall classification of the ensemble is Performance Class 3.

CREWNECK SWEATSHIRT

When hi-vis and fleece come together, the result is fewer layers and more comfort. Rib knit cuffs and waistband keep your sweatshirt in place, even when you reach up, and heat seal reflective striping helps you safely stand out on site.

HOODED SWEATSHIRTS

Think of them as your favorite hoodie, with the addition of FR protection and heat seal reflective striping to keep you safe. Featuring a drawstring hood, large hand pockets for warmth and interior concealed pockets for storage, these hoodies do all the work of an FR sweatshirt and hi-vis vest, in one convenient, comfortable layer.

Protection: Arc Rating ATPV 35 calories/cm²
ANSI 107-2010 Class 3 Level 2
ANSI 107-2015 Type R Class 3

Color: Yellow/Green (HG)

HI-VIS ICON LEGEND

HI-VIS ROADWAY TYPE R CLASS 2

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 2 garments require the use of greater amounts of hi-visibility materials which help distinguish between a human and an inanimate object.

HI-VIS ROADWAY TYPE R CLASS 3

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 3 garments mandate an even higher standard of visibility for workers in moving, complex backgrounds.

HI-VIS SUPPLEMENTAL CLASS E

Pants, bib overalls, shorts and gaiters meeting minimum area requirements for background material and retroreflective trim. Class E apparel, however, cannot be worn alone to provide adequate visibility of workers. When Class E items are worn with Performance Class 2 or Class 3 apparel, the overall classification of the ensemble is Performance Class 3.

JXN4YE

BXN4YE

HI-VISIBILITY FLAME-RESISTANT RAIN JACKET

JXN4 - Men's (Reg) S-6XL.

360° visibility with front and back 2" reflective striping. Tuck away roll-up hood.

Bulwark FR

ARM YOURSELF

WOMEN'S

FR WORKWEAR BUILT FOR WOMEN? BELIEVE IT. INTRODUCING BULWARK'S NEWEST LINE OF FR CLOTHING DESIGNED TO FIT THE UNIQUE SHAPE OF A WOMAN'S BODY, WITH SEAMING AND GUSSETING THAT CONTOURS TO YOUR SHAPE. BECAUSE PUTTING YOURSELF IN HARM'S WAY SHOULDN'T REQUIRE PUTTING YOURSELF IN MEN'S CLOTHING.

iQ SERIES® COMFORT WOVEN WOMEN'S SHIRTS

The newest advance in women's FR workwear. Workwear that's actually designed for a woman's body. Made exclusively from Westex G2™ fabrics by Milliken®, this FR button-front shirt features woven mobility panels across the back and full underarm gussets for increased movement and comfort. Princess seaming gives this shirt a uniquely feminine fit and shape, with hidden pockets on each sleeve and exterior 2112 labels clearly visible.

iQ SERIES® COMFORT WOVEN WOMEN'S SHIRT

QS33 - Women's (Reg) XS-2XL.
NFPA® 2112 Compliant

Fabric: Exclusively with Westex G2™ fabrics by Milliken®.
Flame-resistant, 6.5 oz. 88% Cotton / 12% Nylon

NEW

iQ SERIES® COMFORT WOVEN WOMEN'S LIGHTWEIGHT SHIRT

QS51 - Women's (Reg) XS-3XL.
NFPA® 2112 Compliant

Fabric: Exclusively with TenCate Evolv. Flame-resistant, 5.5 oz. (185 g/m²) 50% Aramid / 25% Lyocell / 25% Modacrylic

Protection: Arc Rating ATPV 8.5 calories/cm²

Colors: Dark Grey (DG), Navy (NV)

iQ SERIES® ENDURANCE WOMEN'S SHIRT

An FR shirt with a feminine look and feel? You better believe it. The Bulwark® Endurance Work Shirt is made for a woman's body, with princess seams at the front for a more feminine fit. But you'll still get all the protection of Bulwark FR gear and the comfort of our iQ Series®, made exclusively with Westex G2™ fabrics by Milliken®. Full underarm gussets allow you to move freely, while pockets give you easy access to storage. And because it's part of the iQ Series Endurance line, this shirt can take as many washes as you can give it without losing its FR protection.

iQ SERIES® COMFORT KNIT WOMEN'S POLO

Revolutionary FR workwear designed for women's bodies. The QT15 polo is designed for fit and comfort, with FR compliance, of course. The 4-button placket allows you to button all the way up for maximum safety, or unbutton when you're out of the line of fire. Shirring at the back of this shirt, with a two-ply yoke creates a feminine silhouette, and the concealed rib knit cuffs stay in place all day long.

Protection: Arc Rating ATPV 9.6 calories/cm²

Color: Grey (GY), Navy (NV)

KNIT CAP

Double layers. Comfortable. Fit to wear under hard hat.

HMC2 - Men's M-L.

Fabric: Flame-resistant, 10.5 oz. (360 g/m²) Modacrylic Knit

Protection: Arc Rating E_{BT} 28 calories/cm²

Color: Black (BK)

HLB6LD

HLB8CM

BANDANA & HEAD TIE

1 CAT | II-HS | II-LS | HW

HLB6 - Men's - One Size.

Sized to fit under hard hat. Packaged one bandana and one head tie.

Fabric: Flame-resistant, 5.5 oz. (185 g/m²) Twill, 88% Cotton / 12% Nylon

Protection: Arc Rating ATPV 6.9 calories/cm²

Color: Light Denim (LD)

REALTREE® CAMO BANDANA & HEAD TIE

2 CAT | II-HS | II-LS | HW

HLB8 - Men's - One Size.

Realtree Xtra® Camo. Sized to fit under hard hat. Packaged one bandana and one head tie.

Fabric: Flame-resistant, 6.5 oz. (220 g/m²) Twill, 88% Cotton / 12% Nylon

Protection: Arc Rating ATPV 9.5 calories/cm²

Color: Camo (CM)

D50 STRIPE

ENHANCED VISIBILITY/REFLECTIVE TRIM

Enhanced visibility can be critical when working in high-traffic areas, around equipment operations, or within environments where it is crucial to be seen. Adding striping to your uniform can make a life-saving difference. Select from the many trim options, colors and placements to ensure your enhancements have the highest impact. This distinctive striping can be added to most Bulwark® garments. Flame-resistant striping is always recommended for FR garments. The garments and striping you select should depend on the end use requirements and the method of laundering used on the garments.

Above are examples of how a plain stocked garment can be customized with three of our most popular striping configurations. With a few exceptions, stripes shown above the waist can be applied to a shirt, jacket or coverall. Stripes shown below the waist can be applied to a pant or coverall. The specific details of a garment, like the size of a pocket, the placement of closures, an emblem or an additional pocket, may dictate a slight change in the placement from what is shown in these images. Striping applied post-manufacturing will always go around a pocket or emblem. Pockets cannot be removed for reflective trim application. Stripes on a waistband will be moved up or down if the waistband has elastic sections.

Through our Imagine It® program, we have taken the capability of creating customized uniform items and apparel to a new level. Visualize it... create it... and view it all online. We'll produce it. This unique program allows you to select stock apparel and modify or customize them to create uniforms that cater directly to your customer's needs. This ability, made fun and easy by our online interface program, allows many customers to purchase similar items while maintaining individual expression.

SLW2LB

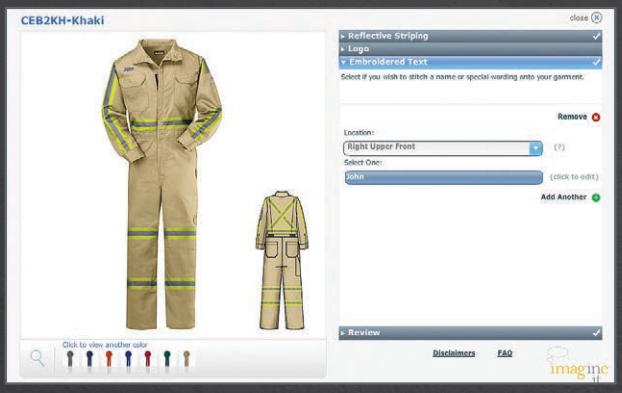
EMBROIDERY & EMBLEMS

Customize your Bulwark® garments by adding a company logo or employee name and department with direct embroidery or emblems.

Thread colors are from A & E Signature threads. They have excellent color retention with a high luster finish, are strong to prevent breakage, and have very good abrasion resistance that will stand up to the rigors of industrial washing. To preserve the flame-resistant qualities of the apparel, minimize the size and number of non-FR emblems applied to a garment.

TOOLS TO GET YOU STARTED

ONLINE CUSTOMIZATION



For a step-by-step tutorial on our fantastic customization capability, log in to www.vfimagewear.com and select "Imagine It®." You can watch a guided demonstration of the endless customization options available at your fingertips through Imagine It®!

IMAGINE IT ONLINE CATALOG

You can also request a link to the online catalog companion piece to the on-line Imagine It® interface. The catalog shows you a quick glance of over 100 embroidery thread color options. There is also a section outlining placement of Reflective Trim along with the different color options and sizes available.

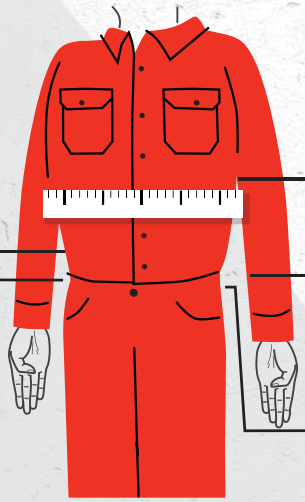
HOW TO MEASURE

WAIST

Stand straight, in a relaxed posture. Do not hold in your stomach

Measure over the shirt being worn. Also measure around the waist, just below the navel.

Keep in mind that uniform pants are worn higher than every day pants.

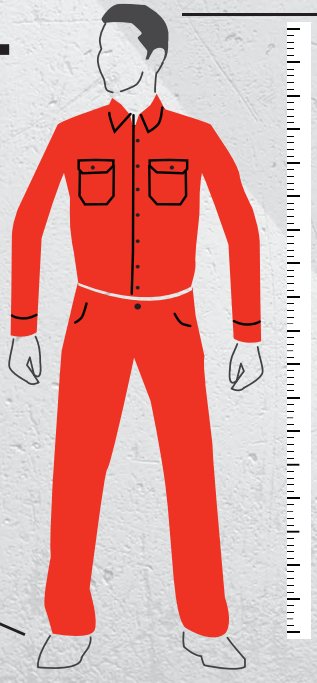


Allow two fingers between the waist and tape.

Pull the measuring tape around the waist, pull snug but not tight.

Remove belts and items from the waist and pocket area.

HEIGHT



Measure from the top of the head to the floor.

Stand straight against a wall.

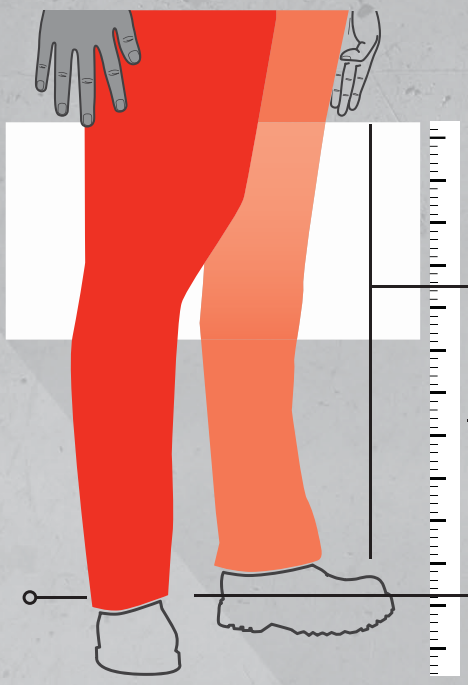
Measure without shoes.

FOR A CORRECT FIT:

- Please refer to size charts.
- Measurements refer to body and not garment measurements.
- Bulwark® garments have a slightly oversized fit for added comfort and protection.
- Always confirm a proper fit prior to the first wash. We are unable to accept washed garment returns.
- Women's sizes and fit available in indicated shirts, pants and coveralls.
- If you need assistance, call our Customer Care Experts: 1-800-223-3372 and Canada: 1-800-667-0700. For Distributors, call 1-800-773-5271.

HOW TO MEASURE

INSEAM



Measure with work shoes on.

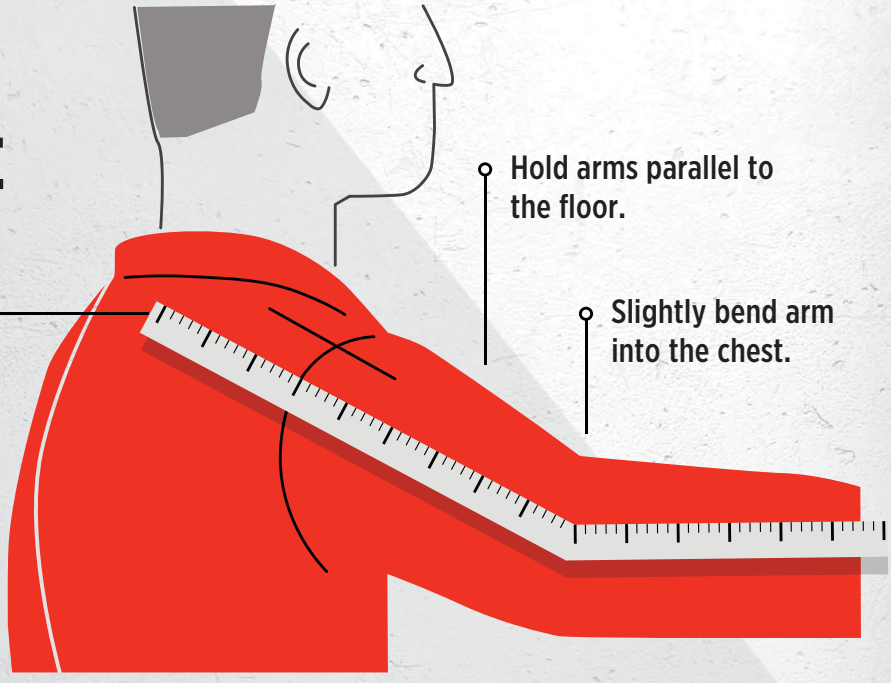
- Place a dowel rod or ruler between legs, at the highest point of the crotch.
- Measure from the straight object to the top of the shoe.
- The measuring tape should be pulled taut.
- Stand with your feet hip-width apart.

HIPS

- Have the individual stand with feet together.
- Measure the fullest part of the hips.
- Tape measure should be level around the front and back.

SLEEVE

Hold tape measure from the center back of the neck to across the shoulder, then down to the elbow and finally to the wrist bone.



Hold arms parallel to the floor.

Slightly bend arm into the chest.

NECK

Pull any long hair off of the neck.

Take measuring tape around the base of the neck, inside the collar, against the skin.

Pull tape measure snug.

Place two fingers between the tape and neck.

ADDITIONAL INFO

POLICY STANDARD TERMS & CONDITIONS OF SALE

Please refer to our website at www.bulwark.com for VF Imagewear®, Inc.'s Standard Terms and Conditions of Sale, or call:

USA: 1-800-223-3372
Canada: 1-800-667-0700
Distributors: 1-800-733-5271

INVENTORY & CATALOG UPDATES

Not all sizes for a particular garment identified in this catalog are maintained in inventory. Upon receipt of your order, VF Imagewear®, Inc. will provide you with an estimated shipping date.

PRODUCT RETURNS

Refer to your Bulwark® Product Guide. For latest information, visit our website at www.bulwark.com. Prior authorization for returns may be obtained by calling Customer Care: USA: 1-800-223-3372 and Canada: 1-800-667-0700. For Distributors, call 1-800-733-5271.

PAYMENT TERMS

Refer to Standard Terms and Conditions of Sale.

CUSTOMIZATION

Bulwark® offers several options for customizing your garments from stock. See your Bulwark® Product Guide or inquire for details on pricing.

HEMMING

Refer to your Bulwark® Product Guide. For latest information visit our website at www.bulwark.com.

GARMENT CARE

Refer to the care label in your Bulwark® apparel. For latest information, visit our website at www.bulwark.com.

PRODUCT SPECIFICATIONS

All trademark and logos shown in this catalog are for the product illustration only and are not available to a customer, nor are they an endorsement by or for any person or other entity. At time of order, please provide VF Imagewear®, Inc. (VFIW) with the appropriate proof of authorization for your use of trademarks, copyrights, patents and other intellectual property.

Bulwark® garments are not intended for fire entry, structural or wildlands fire fighting activities and provide no personal protection from chemical exposures. They should be removed at once if fouled with flammable material. To prevent generation of potentially hazardous static electricity, do not don or remove any garments in a hazardous area.

Bulwark® garments are not intended for personal, family or household use as defined in the Manguson-Moss Warranty Act, 15 U.S.C. 2301-2312. For latest information, visit our website at www.bulwark.com.

ARC RATINGS

Arc ratings published in this catalog are supplied to us by our fabric suppliers or are the result of our own arc testing. An arc rating can be reported in cal/cm^2 as either ATPV or E_{BT} and is the incident energy at which there is 50% probability of occurrence of a second degree burn or of fabric breakopen, respectively. As with all tests, some level of variation in test results is normal and expected among fabrics of identical fiber content and nominal weight. In order to assist end users with their hazard analysis by providing the most conservative arc rating, Bulwark® will publish the lowest arc rating for that fabric weight in our catalog and on our garment label.

Bulwark® garments are designed for continuous wear. They meet applicable performance standard requirements, such as ASTM F2302, Standard Performance Specification for Labeling Protective Clothing as Heat and Flame Resistant National Fire Protection Association (NFPA®) Standard 70E, Standard for Electrical Safety in the Workplace, ASTM Standard F1506, Flame-Resistant Materials for Wearing Apparel for Use by Electrical Workers Exposed to Momentary Electric Arc and Related Thermal Hazards. Refer to individual garment labels to confirm compliance with specific performance standards. Because these fabrics are flame-resistant, they are acceptable under the Occupational Safety & Health Administration (OSHA) Final Rule 1910.269. Final Rule on Electrical Protective Equipment. For complete information on these products, as well as laundering instructions, please visit bulwark.com.
