Wire & Plastic Fence, Mesh & Netting

GAW Hex Netting **Galvanized After Weave**

Description -

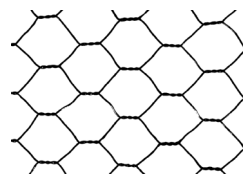

- Premium GAW hexagonal netting
- Also known as "Salt Water Netting"
- After weaving netting is run through bath of molten zinc
- 18 gauge meshes are made in USA by Keystone Steel and Wire, Peoria, Illinois

Benefits -

- 22 gauge light weight mesh for canary cages and furniture
- 18 gauge is very strong and durable - twice as thick as 20 gauge
- Long lifetime - far outlasts GBW hex netting
- Weatherproof - extreme rust and corrosion resistance
- Longer lifetime reduces frequency and high cost of repair and replacement

Uses -

- Craft projects
- Chicken coops
- Game bird pens
- Garden perimeter fence
- Canary cages -1/2" mesh
- Ferro cement boats -1/2" mesh
- Tennis and paddle tennis courts
- Wood post and rail fence backer
- Furniture and cupboard doors - 1/2" mesh
