FATHER FACTS 7 SEVENTH EDITION

PDF Download
$49.99
DLD-17

National Fatherhood Initiative® (NFI) continues its tradition of producing the most comprehensive research available on father absence and involvement in one publication. Father Facts remains the premier reference manual for anyone interested in promoting responsible fatherhood!

Produced in an easy-to-navigate PDF document, Father Facts 7 provides unparalleled depth and breadth of information on the consequences of father absence for children with regard to alcohol and substance abuse, child abuse, crime, educational attainment, emotional and behavioral problems, physical health, poverty, suicide, and more. It covers attitudes and predictors of father involvement, the impact of marriage, and other issues related to father absence.

New to this edition, the entire first chapter is dedicated to a single study - arguably the most important study done on the causal effects of father absence - proving beyond reproach, that father absence causes many of the poor outcomes we see for children.

Newly added, sought-after topics across 14 new chapters and sections include:

- State-level and national data on father absence
- The societal costs of father absence
- Incarceration as a cause of father absence
- Father access and visitation with children
- The impact of marriage on father involvement; women's well-being and marital satisfaction
- Data on the many types of fathers: non-custodial, non-resident, single, divorced, teen, incarcerated, military, stay-at-home, and step-fathers; millennials as fathers; grandfathers raising grandchildren

Father Facts 7 also contains tables and charts of US Census bureau data on family structure and the living arrangements of children. State-level data is provided in charts in addition to national data.

Out of the Ashes DVD + Discussion Guide

Out of the Ashes is a powerful 32-minute film — a one-act play, of sorts — intended to start the discussion and healing process with children and fathers impacted by a father's incarceration.

In 1994, at the age of 21, Coley Harris was incarcerated for 14 years in prisons within the Delaware Department of Correction. His son Ahmarr was just 2 years old. They reunited in 2008 when Ahmarr was 16. This film chronicles the struggle both men faced as they navigated their separation and reunion. Consequently, it symbolizes the struggle faced by incarcerated fathers and their children. The Facilitated Discussion Guide includes questions that help incarcerated fathers, their children, and family members explore the issues, thoughts, and feelings caused by the father absence associated with incarceration.

How to use the film and discussion guide:

- Ideal for use by individuals and organizations that work with incarcerated fathers, children of incarcerated parents, and family members of incarcerated fathers.
- Also a great resource for individuals and organizations that work with formerly incarcerated fathers and their children.
- Use as a stand-alone resource or integrate with other curricula/programs.
- Excellent for work with groups of fathers and children (or other family members) in which you facilitate a free-flowing discussion.
- Use for individual work with fathers and children (e.g. in a case management or an individual coaching setting).

KIT INCLUDES:

- DVD with movie, trailer, actor biographies, and discussion guide
- You can also find the Discussion Guide online, download it, and print it.

InsideOut Dad® Guide to Family Ties

www.fatherhood.org/iod-guide

Incarcerated fathers who create meaningful ties with their children and family on the outside are the best prisoners on the inside. And, research shows that fathers who connect with their children (and families) prior to release have a higher likelihood of staying out of jail/prison.

The InsideOut Dad® Guide to Family Ties helps incarcerated fathers address many important "connection" topics, including the importance of getting in touch — and staying in touch — with their family, maybe even for the first time.

Uses: short-term stay facilities (not just prisons, but jails, half-way houses, etc.), one-on-one case management, counseling, coaching, or mentoring, or as a stand-alone, self-paced resource to reach fathers who are unable to participate in the group-based InsideOut Dad® Program. UNDERSTANDING DAD™ An Awareness & Communication Program for Moms

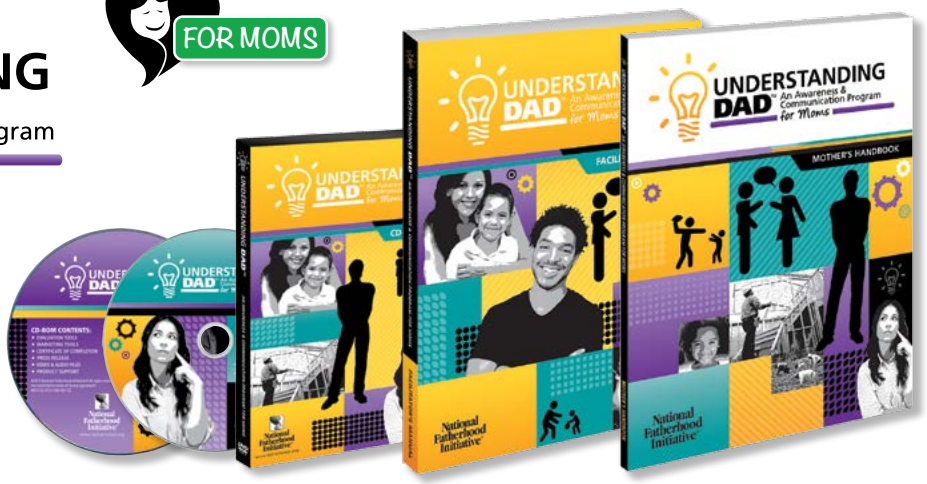
FOR MOMS



Complete Program Kit	Additional Mother's Handbooks
$549	$8.49 Each
CNA-180	CNA-181

Do you serve mothers who struggle to understand and communicate with the fathers of their children?

NFI, the nation's #1 provider of resources for fathers, has developed a unique program that helps mothers improve the relationships they have with fathers, for the benefit of their children.

Unfortunately, many times it's the mothers' gatekeeping behavior that can prevent or reduce fathers' access to their children—when fathers' involvement in their children's lives would actually benefit their children. In addition, mothers can lack the self-awareness and communication skills they need to improve their relationships with the fathers of their children.

Enter Understanding Dad™ a Complete Program Kit consisting of 8 sessions, each lasting approximately 2 hours (plus one optional session).

Program Goals:

- Increase mothers' knowledge, positive attitudes (e.g. toward fathers' involvement), and skills (e.g. communication) associated with improving their relationships with the fathers of their children.
- Increase mothers' awareness of the impact that their upbringing (e.g. their relationships with their own fathers) has had on their relationships with the fathers of their children and men in general.
- Increase mothers' understanding of the importance of fathers' involvement in the lives of their children.
- Increase positive interactions between mothers and the fathers of their children.

The Complete Program Kit includes:

- 1 - Understanding Dad™ Facilitator's Manual
- 10 Understanding Dad™ Mother's Handbooks for use during the program and that the moms can keep
- 1 - CD-ROM with an evaluation tool, marketing resources, videos and more!
- 1 - DVD video content for some sessions

Understanding Dad™ *with Mom As Gateway™ Booster Sessions*

Use this bundle to create a powerful 12-week program for moms that addresses moms' gatekeeping behavior in a more comprehensive way, than either resource alone.

- Start with the optional opening session in Understanding Dad™ as session one.
- Follow it with the eight core sessions of Understanding Dad™.
- End the program with the three sessions of Mom as Gateway™ (see page 12).
