CFO SELECTIONS

Russ Wright

Qualifications Summary

Senior level accounting, FP&A, and operations executive with experience working with internal, external, and remote management teams, both vertically and across disciplines, in privately held and publicly traded companies. Proven areas of expertise include bringing organization and accuracy to the financial reporting process and MRP system, while simultaneously developing operationally relevant management reporting and analysis tools focused on providing timely, actionable information.

Professional History

Omada International	Director of Financial Integrations	2016
QIAGEN, Inc	Director of Integrations	2006 – 2016
	Chief Business and Integration Manager	2005 – 2006
	Director of Finance	2000 – 2005

United Graphics	Manager of Accounting Operations	1988 – 1989
KPMG LLP	Staff Accountant	1986 – 1988

Accomplishments

- Developed a job cost system to analyze production variances and identify trends, leading to the development and implementation of corrective action for unfavorable variances.
- Identified areas of weakness in company operations and controls, designed and implemented policies and procedures to correct deficiencies, and rebuilt accounting and data entry operations.
- Participated in M&A due diligence, business modeling, and examination of acquired company's financial records covering US, UK, Canada, China, and Mexico acquisitions ranging from $20M to $100M+ in acquisition value.
- Integrated acquired company's financial reporting to align with the parent, involving extensive onsite interfacing with newly acquired company's staff.
- Trained local Chinese staff on US business policies, practices, and US GAAP.
- Redesigned an accounting system to treat each R & D project as a unique work-in-process job for cost tracking purposes, enabling the analysis of the project-to-date investment.
- Full financial accounting, reporting, analysis, and budgeting experience, as well as interfacing with internal and external auditors and all levels of management and across departments.
- Experienced in training/developing and managing all accounting areas (AP/AR/ Credit/Collection/PR/Job Cost/Inventory) as well as experience being responsible for HR, IT, and company operations.
- Maintained simultaneous on time financial reporting responsibility for up to ten subsidiaries spread around the globe with collective annual revenues totaling $100M and assets totaling $ 375M.

Education / Board

- BA in Accounting, Cum Laude, Seattle University
- Past Member of boards of The Vineyards at Mill Creek HOA (Treasurer), Crescent Bar Outdoor Recreation Club (Treasurer), and Finance Advisory Cabinet of St. Thomas More parish
