GIBSON
STRENGTH AGAINST RISK®

A SUCCESS STORY: COMMERCIAL RISK MANAGEMENT

TBA & Oil Warehouse Inc. needed assistance in resolving underlying issues with their current insurance provider.

What was TBA's challenge?

We didn't feel that the agent we were working with was giving us the needed time and quality. On top of that, our prices continued to increase. This was the the final push for us to review broker/insurance options, ultimately leading us to Gibson.

How did Gibson Help?

When evaluating new companies to work with, we brought in our existing rep and three others to review our risk management and insurance programs. While going through the renewal period, we were floored at the depth and analytical evaluation Gibson provided related to risk management. It was enlightening, especially for a traditionally stale topic, as insurance. We were overly impressed with the offerings, depth of solution, and Gibson's ability to determine our risk; ultimately, reducing our overall program cost. A BIG WIN.

"

CHARLIE CROUSE
TBA & Oil Warehouse Inc

We are continually impressed at how quick and accurately the Indy Team responds to our needs. Gibson is a partner and goes above and beyond to add value.
Total encompassing experience!
