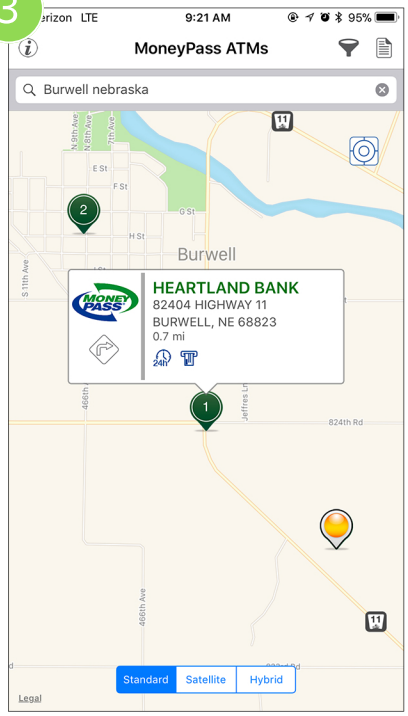
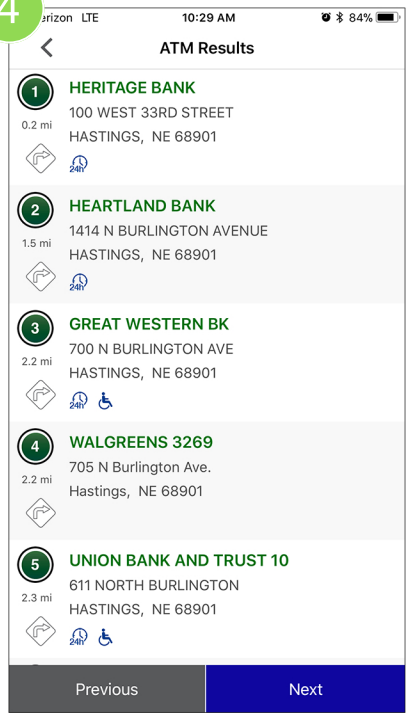
Step 2: When you open the app for the first time, a prompt will appear asking if you want to allow the app to “Use Your Location.” If you select “Yes”, ATM locations will automatically appear based off of your current location. If you select “No”, you will need to enter your location in the search bar.

3



Step 3: For more information on a specific ATM, tap on the pin shown on the map. Different icons will appear based off of the services of the ATM.

4



Step 4: The map view only shows up to ten ATM locations, signified by pins, for your area. If you would like to see all of the ATMs in your area, tap the "list" icon in the top right corner of your screen. This will show you all of the ATM results for your area.
