**BILL RICHARDSON**, a presidential candidate and the governor of New Mexico, may be the most charismatic figure in the Democratic Party today and one of its best natural politicians whose name isn't Bill Clinton. He is the man Colin Powell has called for advice, and the man George Stephanopoulos once called the Red Adair of diplomacy in homage to his ability to put out international fires. He has been nominated four times for the Nobel Peace Prize and is counted as one of our most knowledgeable politicians on the Middle East; on North Korea; on energy policy; on Latin American affairs; on domestic politics; and on Hispanic America.

Bill Richardson is one of our leading speakers on **international, energy, political, healthcare, Hispanic, and business innovation** issues – and we hope you will consider him for your next event. From corporations to universities to leading associations, the Worldwide Speakers Group has hundreds of speakers for any price range, audience, venue or type of location.
