GateGourmet

Size: 15,000 Square Feet

Location: LAX, Los Angeles, California

Challenge *Metal Roof with Major Leaks*

- Leaking metal roof.
- Localized corrosion.
- Deteriorated waterway paneling.

Solution *AcryShield® Restoration System*

- Repair and replacement of severely deteriorated paneling.
- Fastener and seam treatment and reinforcing.
- Localized rust-inhibitive priming.
- No more leaks.

This GateGourmet roof is a great example of a full systems approach to roof restoration--replace failed areas, prepare and reinforce fasteners and seams, prime as needed, and apply a Cool Roof coating.
