# HASTINGS ENTERPRISES

*Size: 170,000 Square Feet*

*Location: Paso Robles, California*

## Challenge *Aging Metal Roof*

- Mounting leak problems.
- Various air conditioning scenarios.
- Multiple tenants.

## Solution *AcryShield® Restoration System*

- Reinforced seams and fasteners for long-lasting waterproofing.
- Cool Roof for less heat stress, increased comfort and reduced AC bills.
- No tenant disruption.

*The AcryShield Restoration System incorporating seam and fastener treatment provided Hastings with the most cost-effective way to keep their building weathertight and energy efficient for years to come.*
