Academy Sports/ LifeChurch.TV

Size: 104,000 Square Feet

Location: Oklahoma City, OK

Challenge *Failing BUR Substrate*

- Roofing system must withstand hail storms that frequent the area.
- Adding the benefits of a Cool Roof.
- Wants a system that can be sustained with no tear-off indefinitely.

Solution *AcryShield® SPF Roofing System*

- SPF Roofing System designed for use in hail zone.
- New fully-adhered, highly reflective, waterproofing membrane.
- SPF System adds insulation to keep the building much cooler in the hot Oklahoma summers.

Together National Coatings and the project Consultant are helping this building Weather the Storm.
