Company Introduction

If you'd like to join a team full of bright, innovative professionals who work smart and continually exceed expectations, check out Select International. Founded in 1993, Select International specializes in the development of hiring and employee selection tools to help our clients build a strong workforce. We have been and continue to be recognized as one of the "Best Places to Work" and a "Top Workplace in Western PA."

Our employees subscribe to "The Select Way," a term we use to describe our culture. It represents how well we work (and play!) together. It means that we have a special way of conducting business and holding ourselves to the highest professional standards. At the same time, we enjoy working together and having fun; our employees are a group of talented individuals who don't take themselves too seriously.

What we do take seriously, though, is providing our clients with unmatched customer service and quality workforce solutions. Our functional departments include:

- Consulting Services
- Sales
- Marketing
- Research and Development
- Information Technology
- Software Development
- Support Services
- Accounting

If you're searching for a rewarding career with a growing organization, we encourage you to view our current job openings and begin the application process.
