

Specialty Technical Publishers Launches Free eBook Series On Safe Hazardous Chemical Management

Audit and Compliance Guidance For Environmental, Health & Safety (EHS) Requirements Involving Hazardous Chemicals

North Vancouver, British Columbia ([PRWEB](#)) October 31, 2013 -- Specialty Technical Publishers, premier North American publisher of [audit, compliance and risk solutions](#), today announced the release of the first in a three-part series of complimentary eBooks to help organizations manage chemicals safely.

Organizations that deal with hazardous chemicals must increasingly fulfill a bewildering assortment of responsibilities. There are dozens of federal and state provisions that must be complied with.

Written by compliance expert and attorney, Jon Elliott, this detailed, three-part eBook series is designed to help organizations that use chemicals to meet their compliance obligations.

The first eBook, [Volume one](#), explains the regulations triggered when organizations acquire and use chemicals and includes detailed information on:

- Which agencies govern the handling of chemicals.
- Safe handling and storage requirements.
- Community Right to Know.
- Reporting hazardous substances in the workplace.

The eBook includes handy self-assessment checklists to help organizations measure their levels of compliance with these often complex regulations.

“Jon Elliott’s Environmental and Health and Safety Checklist guides are always well-received as they offer clear, practical guidance on how to comply with and understand the regulations. Recent tragic events have shown it’s more important than ever for companies to be vigilant about the dangers of handling and using hazardous substances.” Steve Britten, Acting-President of Specialty Technical Publishers (STP),

The second volume, which covers Hazardous Material Transportation, Fire and Building Codes, Facility Security Requirements and Underground Storage Tank Requirements will be launched in early 2014.

More about the eBook series:

- Completely complimentary resource
- Written for EHS compliance professionals
- Authored by compliance expert [Jon Elliott](#)
