

Specialty Technical Publishers (STP) and Gensuite Expand Their Partnership to Launch a Series of United States and Global EHS Audit Protocols

STP content is now available through the highly regarded Gensuite platform.

North Vancouver, B.C., Canada ([PRWEB](#)) January 28, 2014 -- Specialty Technical Publishers, premier North American publisher of [audit, compliance and risk solutions](#), today announced the expansion of their partnership with Gensuite to deliver more than 30 country-specific global EHS protocols already used by over 60 multinational corporations worldwide.

Both the U.S. and International [EHS Protocols](#) are used by Corporate EHS Attorneys and Risk Managers, EHS Directors and Auditors across many industry sectors, and consulting companies. With new EHS regulations around the world increasing compliance and disclosure obligations for businesses, the time and resources required to understand and comply with these complex regulatory requirements across national or state/provincial borders has a growing impact on businesses' financial performance.

The Gensuite Platform offers:

- Web-based Solutions-as-a-Service, requiring no customer-side hardware/software installation or hosting.
- Protocols which are tested and proven globally by the entire Gensuite community.
- A shared solution representing synergistic, best practice programs.
- Innovative Solutions-as-a-Service model that overcomes off-the-shelf applications.
- Continuous evolution and upgrades.
- Rapid response through dedicated support team and rich domain experts.
- Intelligently integrated global and U.S. EHS audit content.
- Flexibility in module selection and customizable configuration options.
- Company-customized EHS content.
- Easily recordable audit results, sort findings.
- Auditors the ability to rapidly collect, share, export audit findings in one document and generate “at-a-glance” corrective action reports.

STP EHS Audit Protocols provide:

- Evidence of due diligence to mitigate risk.
- Help in avoiding regulatory citations and fines.
- Applicability Tables for both U.S. and International jurisdictions that apply to a specific business operation or practice.
- Pre-audit Preparation documents for review prior to conducting the audit which saves time and ensures thorough evaluations.
- Guide Notes for the Auditor to expedite the audit and assessment process and lead them to compliance.

According to Steve Britten, Acting-President, Specialty Technical Publishers:

“Our partnership with Gensuite offers excellent and practical interpretive material, written by consultants out

“in the field” and delivered in the highly regarded Gensuite system. This is the ideal combination for any corporation needing both U.S. domestic and/or international compliance and audit guidance.”

R, Makund, Founder and CEO of Gensuite adds:

“By integrating AECOM’s global and STP’s U.S. EHS Audit protocols with Gensuite’s Power Audit Tool, we provide our subscribers with a ready-to-launch compliance auditing solution, that ties in seamlessly with the rest of the Gensuite solution; and that extends into our Mobile-enabled platform and auditor solutions.”
