

MAXIMIZE OPERATIONAL EFFICIENCIES

Drive immediate impact to the bottom line with no additional operating expenses or capital investment. PLS Logistics Services' freight bill analysis will analyze your transportation costs and look for ways to improve processes and cost effectiveness.

- ▶ Improve your bargaining power and leverage the latest technological advancements
- ▶ Reduce freight costs and operational requirements while improving control over your supply chain
- ▶ Better understand how your current pricing programs match with similar shippers (product characteristics, volume, freight class, shipping lane activity, accessorial charges, and overall discount percentage).

10 -15%

Average Decrease in Freight Spend

This is a no obligation freight bill analysis that will provide insight and transparency into your transportation costs. PLS strives to be a true partner with shippers and this process is intended to educate and consult with you on how to best optimize all or part of your supply chain.

GUARANTEE:

1. This analysis is **100% FREE**.
2. You will always have a **choice** when working with PLS.
3. You select the carrier of your **choice**; PLS won't dictate who you choose.
4. There is **no commitment** or requirement to sign a contract.
5. PLS **will not** offer a one size fits all solution.

3 EASY STEPS

1 PREPARATION:

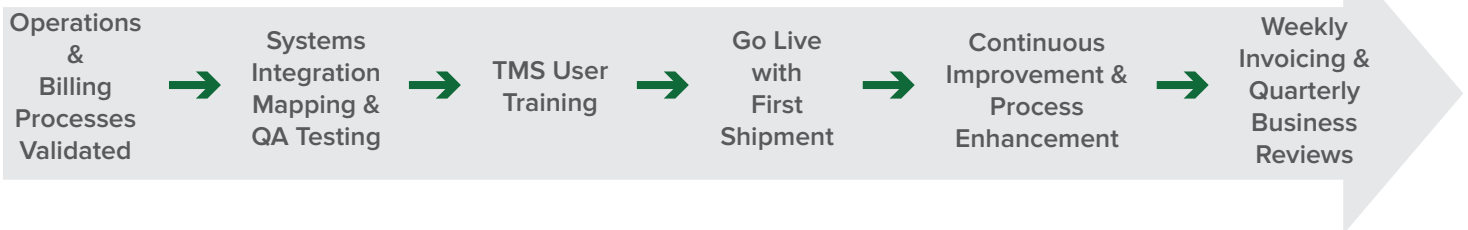

- ▶ Both parties will sign a confidentiality agreement and non-disclosure. PLS will not share any information with your customers, carriers or incumbent partners.
- ▶ Provide PLS with 1-3 months of freight bills (any format is acceptable - paper copies or electronic versions).

2 ANALYSIS (Prepared by LTL Engineers):

- ▶ Develop a baseline of your current costs
- ▶ Measure your baseline against what we can obtain in a freight bid to carriers (or against our blanket pricing)
- ▶ Offer suggestions for additional savings through possible accessorial charge waivers or reductions, FAK's, shipment consolidation, reduced minimum charges, etc.
- ▶ Savings suggestions in the form of reduced labor cost, clerical time, claims, background reporting, track and trace, etc.

3 EXECUTION & IMPLEMENTATION:

If you decide to work with PLS, the Implementation Team will execute a customized solution to best match the specific requirements of your business.
