- ✓ Storage Temperature: 50 - 80°F (10 - 27°C)
- ✓ Operating Temperature: 68 - 77°F (20 - 25°C)

### DESCRIPTION

Silicone Strips is a general-purpose adhesive fastener strip that uses a medical grade, medium tack silicone adhesive. Its intended use is for general fastening tasks and for skin contact on premature infants.

### INDICATIONS FOR USE

This product is intended for OEM medical, surgical and retail gamma-stable fastener applications requiring medical grade materials.

### CONTRAINDICATIONS

Hazardous decomposition products may occur as a result of oxidation, heating, or reaction with another material. Use or processing of the product in a manner not in accordance with the product's directions for use may affect the performance of the product and may present potential health and safety hazards. If Grippies comes into contact with a patient's skin and skin irritation occurs, discontinue use of Grippies.

### DISPOSAL

Product may be recycled. Dispose of waste product in a sanitary landfill. As a disposal alternative, Incinerate in an industrial or commercial facility.

### RE-ORDER INFORMATION

Order Number	Quantity
