

GlobalCollect Payment Solution for Micros

micros[®]

Combining Micros and GlobalCollect creates a global e-commerce solution to offer its connected hotels to accept prepayment for short-term or promotional offers. Some leading hotel chains have implemented this for their global customers.

Micros

MICROS Systems, Inc. is a global market leader in hospitality, specialty retail, cruise and travel industry sectors. Serving an extensive portfolio of clients worldwide, MICROS solutions are utilized in over 567,000 hotels, casinos, table and quick service restaurants, retail, leisure and entertainment, fuel and convenience, cruise, and travel operations. Today, our customers in more than 180 countries run MICROS applications and data centre solutions addressing the needs of small businesses, medium-sized companies and large multinational enterprises. Founded in 1977, MICROS has a rich history of innovation and growth as the true industry leader. We are one of the few companies worldwide that can offer end-to-end solutions along the hospitality value chain.

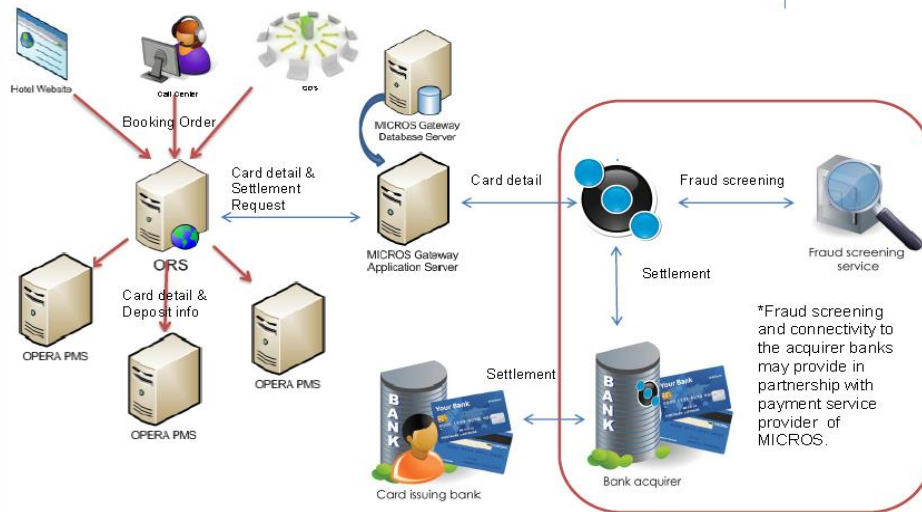

GlobalCollect

GlobalCollect is the most knowledgeable global Payment Service Provider in the world, processing more than US\$14 billion in international e-commerce payments per year for more than 500 of the world's most recognized e-commerce brands in the digital goods and services, travel, retail and video gaming industries, among many others. With nearly two decades of payments experience, we enable our clients to efficiently and securely accept payments from more than 170 countries in more than 170 currencies, using in excess of 150 local payment methods including all major credit and debit cards, direct debits, bank transfers, real-time bank transfers, eWallets, cash at outlets, prepaid methods, checks, and invoices.

This gives our customers unparalleled coverage, especially in high-growth regions like Latin America, where GlobalCollect acquired regional PSP Sub1 in 2012. Our robust and redundant systems guarantee our customers high availability and reliability. GlobalCollect's business intelligence tools and more than 400 payments experts help our clients elevate their payment strategies to become a strategic asset to their companies.

Bridge to GlobalCollect

The Payment Gateway by MICROS offers cost-effective and cutting edge integrated payment card processing solutions. It seamlessly integrates with banks and other payment transaction processors and OPERA PMS, MICROS POS and MICROS Web solutions as well as other non MICROS systems. It is the ideal solution for your business.

The plug-in explained

The plug-in is a connection development accelerator. It has been designed, build, tested and certified based on the best practices of both Micros and GlobalCollect.

The Checkout process is enriched with a payment product choice and the complete handling via GlobalCollect, up to the point hotel booking can be confirmed. This includes pending payments, fraud handling and error handling. Prebuilt is the handling of all payment product families, with examples of the most used payment products.

The payment status is automatically updated into the order management system, and shown in the customer service dashboard.
