

Color By Victoria

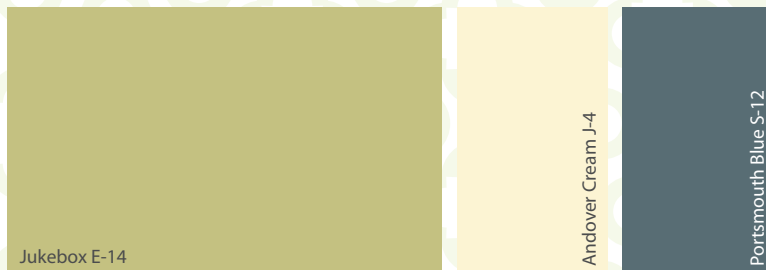

Interior 1

Inspired by the 20th Century colors, I chose complementary colors, purple and yellow, and accented them with a moderate gray.

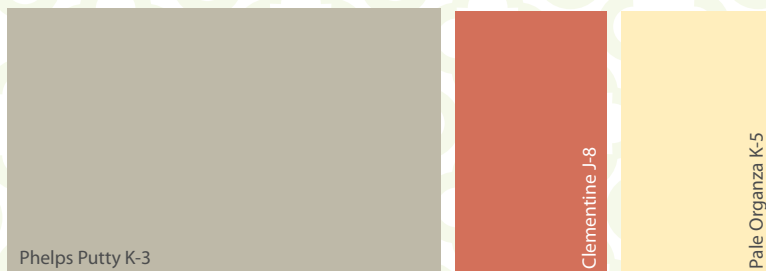

Interior 2

Here I chose cool colors in Jukebox and Portsmouth Blue and accented them with a warm white for an earthy vibe!

Exterior 1

Clementine is the basis of this scheme. I paired it with a warm gray and a soft yellow to really make it pop!

Exterior 2

In this scheme, I created contrast between the cool blue and warm neutrals to make a beautiful statement.
