

Color By Maryellen

Interior 1

I love monochromatic color schemes, but instead of using a third gray, Electric Grid adds brightness and refinement to the palette.

Interior 2

Sour Lemon adds a shocking yet happy splash of yellow to the 2 neutral grays, both of which have green undertones.

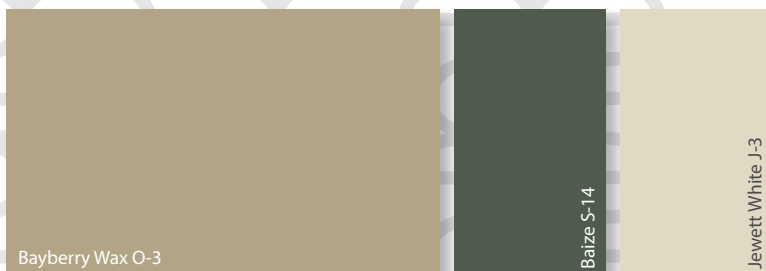

Exterior 1

With off white trim, this color combination would add a rich look to any exterior, and would be striking on a colonial style home.

Exterior 2

This traditional color scheme uses one of the most versatile neutrals in our Historic palette (Bayberry Wax). It can be paired with limitless accent colors.
