

## **Quantex CEO Named to NJPQCA Board**

**Cranbury, NJ – October 17, 2013** -- Dr. James Menoutis, President and CEO of Quantex Laboratories, Inc., has been elected to the executive board of the New Jersey Pharmaceutical Quality Control Association (NJPQCA). He will serve as program chair for the 2013-2014 term.

NJPQCA provides educational forums for Quality Assurance/Control and Regulatory Compliance professionals in the pharmaceutical industry. The association promotes the understanding of quality assurance/control policies and regulatory compliance and the continuing education and training of Quality professionals working within the pharmaceutical industry.

Menoutis has over 34 years experience in the clinical, pharmaceutical, nutritional supplements, toxicology and contract research and testing industries. Prior to founding Quantex, he served as the President and co-founder of Analab, a contract research organization.

Menoutis is a member of a number of professional and scientific societies, and serves as President of the New Jersey Institute of Chemists. Previously, he served as a member of the Life Sciences Advisory Board of the New Jersey Technology Council. He also serves on the board of the New Jersey City University Foundation.

Quantex Laboratories provides a comprehensive range of cGMP and GLP contract analytical and research services. The company serves a diverse range of clients in North America, South America, Europe, the Mid-East and Asia, including Fortune 500 global pharmaceutical, personal care products and cosmetics companies, as well as virtual and mid-sized companies.
