Attention: Mr. Charlie Weissman & Mr. William Blanchfield

Dear Charlie and Bill,

We would like to thank you and your staff for the excellent service you have given us throughout the years. We commend the entire staff on their ability to expedite our requests that are sometimes very time consuming and harried. Christine Lang has taken care of my personal account and I can not thank her enough for all her patience and help. Sharon Redpath is to be commended as well, our business account is always serviced with excellence. It is nice to know that our business is in the hands of competent people whom we can trust and count on. Once again, thank you for your support and service. We look forward to continued business together.

Sincerely yours,

Joseph Romanowski
