

"Reduced costs and new lights are always good, but this—this is great."

—Tom Powers, Store Manager  
NAPA Auto Parts

## ENERGY-EFFICIENT LIGHTS DRIVE DOWN COSTS AT NAPA AUTO PARTS

Step into the NAPA Auto Parts stores in Kerhonksen, Ellenville and Red Hook and you'll notice something different. All three locations recently took advantage of Central Hudson's Commercial Lighting Program to upgrade to new energy-efficient lighting. The result was not only an improved store ambiance for customers and employees, but also a positive impact on their monthly electric bill and the environment.

As part of the program, Central Hudson paid \$16,420 for all three NAPA locations to replace older fluorescent lamps with more energy-efficient T-8 lamps, and from there everything changed, according to store manager Tom Powers.

"The showrooms are brighter, the offices are brighter, the warehouse is brighter, everything looks much better," Powers said. "When asked if we wanted to participate in the program, we thought, why not? Reduced costs and new lights are always good, but this—this is great."

HOW  
**BRILLIANT**  
IS THAT?

For more information please contact Lime Energy, Central Hudson's commercial efficiency lighting partner at (855) 236-4832 or visit [www.CentralHudson.com/SaveMoney](http://www.CentralHudson.com/SaveMoney).

People. Power. Possibilities.
