Benefits

Technology from KaVo a brand you trust

- KaVo innovations like balanced turbine cartridges, unique angular design, quiet operation and reliability are now available at an affordable price

Smoother vibration free performance

- SMART series handpieces have chuck strength of 30N for no bur-slip, concentric cutting and smoother performance

Quiet, low noise makes it comfortable for you and your patients

- Handpieces operate at very low noise level and frequency making your office quiet

KaVo's Precision Engineering and Technology comes standard on all SMART series handpieces

MULTIflex adapter	For KaVo Cellular Optic High-Speed – for use with KaVo QUATTROcare	0411.7991

KaVo QUATTROcare Plus

Protect your investment with KaVo's Automatic Handpiece Maintenance System. Prior to every sterilization, the unique cleaning and maintenance mixture of KaVo QUATTROcare Plus Spray produces highly effective cleaning foam inside the instrument. The automatic dispenser delivers the precise amount of cleaner and lubricant time after time, leading to longer handpiece life and less repair needs.

Part No. 1008.3805
