## Features

- Handpieces are computer balanced for long lasting, concentric cutting
- Multi-port spray (6500BR features 4-port spray and 4500BR has a 3-port spray) and exclusive replaceable micro-filter which increases water spray quality and avoids clogged spray ports
- Durable Plasmatec surface coating for improved tactile feedback
- Dent resistant heads enhance reliability and durability for years to come
- 2.5 year warranty if maintained with KaVo QUATTROcare, if not maintained with QUATTROcare the standard warranty of 2 years applies.
- Automatic drive air adjustment- Use at minimum drive air pressure 38 psi (2.6 bar)

## Benefits

### Amazingly Quiet

- Handpieces run at a very low decibel level (57 dB for 6500BR and 59 dB for 4500BR) and a lower frequency to enhance quietness

### Precise Performance

- Outstanding cutting efficiency and ultimate power output results in quick, precise crown and bridge preparations

### Superior Access

- Patented KaVo head & knee angle combination offers unprecedented visibility and accessibility to molar regions

MULTIflex 1390	5-hole coupler	0553.1390
MULTIflex adapter	For KaVo Cellular Optic High-Speed - for use with KaVo QUATTROcare	0411.7991

## KaVo QUATTROcare Plus

Protect your investment with KaVo's Automatic Handpiece Maintenance System. Prior to every sterilization, the unique cleaning and maintenance mixture of KaVo QUATTROcare Plus Spray produces highly effective cleaning foam inside the instrument. The automatic dispenser delivers the precise amount of cleaner and lubricant time after time, leading to longer handpiece life and less repair needs.

Part No. 1008.3805
