

# New Features

## Local Assessment

**Test Administrations Comparison Report** - Compare different administrations of same test or different tests.

**Building and Teacher Comparison Reports** – now shows standards for each question if you hover over the standards section.

Only students that have completed the test have been included in the summary calculations

Standards						Questions - % Correct																										
Buildings	Total Students	% total correct	Min %	Max %	M8.D.2.1.2	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27
OnHand Schools HS	43	52%	30%	93%	35%	49%	37%	63%	86%	42%	42%	74%	56%	40%	86%	51%	30%	33%	65%	33%	72%	47%	49%	93%	67%	67%	37%	33%	35%	40%	30%	
Total/Avg	43	52%	30%	93%	35%	49%	37%	63%	86%	42%	42%	74%	56%	40%	86%	51%	30%	33%	65%	33%	72%	47%	49%	93%	67%	67%	37%	33%	35%	40%	30%	

When generating login codes for a test administration you **must** now use an **Administration ID** along with the **Login Code**.

**Exam Login**

Please enter your test login details below

Administration ID: 615

Login Code: x5p - 8z6 - u4u

Login

Test Reset Login

When running the **Analyze By Standard** or **Item Analysis Reports** you can now run the report by selecting any **Standard Type** associated with that test.

The screenshot shows the 'Analyze By Standard' configuration window. It features several filter sections: 'Filter by: Subject, Test Name' with 'Mathematics' selected; 'Filter by: Test Collection/Edition/Grade, Testing Period' with '7th Graders CVSD(2011-2012)'; and 'Filter by: Test Id Search'. Below these are dropdown menus for 'Assessment' (CVSD Demo Test), 'Administrations' (7th Graders CVSD(2011-2012)), and 'Standard Type' (currently set to '--SELECT STANDARD TYPE--'). A 'Grouping' section includes 'Current Subgroup(s)' with options for 'NATIONAL: US Common Core State Standards' and 'STATE: PA Common Core Standards (2012)', and checkboxes for 'Gender', 'Ethnicity', 'ELL', 'IEP', 'Gifted', 'Econ. Disadvantaged', 'Title1', 'Title3', 'Medical Issue', 'Migrant', and '504'. At the bottom, there is a 'Run Report' button and a list of standards with checkboxes, including 'CC.2.1.PREKA.1', 'MA.6.NS.6', 'MA.7.NS.1', and 'MA.7.RP.2'.

**Students Login Codes** - You can print the student login codes by choosing one of the following tabs: "Building/Teacher/Course", "Student Group", or "Course Grouped by Teacher" . You can also choose how many codes to print per page and to either print to a PDF or CSV file.

The screenshot shows the 'Students Login Code' window. It has three tabs: 'Building/Teacher/Course', 'Student Group', and 'Course Grouped by Teacher'. The 'Building/Teacher/Course' tab is active. Below the tabs are three dropdown menus: 'Select School' (OnHand Schools MS), 'Select Teacher', and 'Course/Section'. There are three radio buttons for '10 Per Page', '8 Per Page', and '6 Per Page', with '10 Per Page' selected. At the bottom, there are three buttons: 'Print to PDF', 'Save to CSV', and 'Close Window'.

Teacher Classroom Reports - **Item Analysis for Benchmark Tests** and **Single Year Analysis for Benchmark Tests** have been added to the teacher view.

**New Report - Analyze By Higher Order Thinking Skills** - DoK, Blooms, Difficulty Reports

**Analyze by Standard Report** - two new radio buttons have been added - "Group by Reporting Category" and "Do Not Group by Reporting Category" along with additional sorting options and average totals added to grid.

You will now be able to preview an online test from either the Manage Assessments, Edit Assessments pages or when you are editing individual questions.

**Single Year Analysis for Benchmark Tests** – the chart is now drillable at the district level for the Performance level, the testing period has been added to the grid and the report grids are drillable.

Added audio and video support to local assessments and curriculum/lessons.

Examview, state released questions and OHS assessments can now be updated via a web service under a System Administrator login when in vendor data entry mode.

## Curriculum

Standards have been added for the following: NGSS Science, NSFL Financial Literacy

New - utility to create maps from lessons

New – sysadmin utility to create critical content clusters (Focus, SLOs or Power standards would be ways to use this feature) for your state’s standards. This utility can be found under the curriculum mgmt tab under maintenance.

## Reports

Spotlight Report - Fountas and Pinnell has been added.

Spotlight Report - the **Risk Score** is now drillable.

Dibels Next – new and improved reporting categories.

Student Subject Reports - added GMADE and GRADE

Keystone Anchor Reports

## Lesson Plans

Remove multiple standards from a lesson

Lesson Selected Standards <span style="border: 1px solid red; border-radius: 50%; padding: 2px;">Remove for Checked Rows</span>					
<input type="checkbox"/>	Code	Description	Mastery	Minutes	
<input type="checkbox"/>	M6.A.1.1 STATE: Pennsylvania State Anchors (2007)	Express numbers in equivalent forms	Advanced	0	Remove
<input checked="" type="checkbox"/>	M6.A.1.1.1 STATE: Pennsylvania State Anchors (2007)	Represent common percents as fractions and/or decimals (e.g., 25% = $\frac{1}{4}$ = .25) – common percents are 1%, 10%, 25%, 50%, 75%, 100%	Advanced	0	Remove
<input checked="" type="checkbox"/>	M6.A.1.1.2 STATE: Pennsylvania State Anchors (2007)	Convert between fractions and decimals and/or differentiate between a terminating decimal and a repeating decimal.	Advanced	0	Remove

Lesson Selected Standards Remove for Checked Rows

## Student View

Keystone - Add Best Score information

Assessment	Gr	Alg Mod1	Alg Mod2	Alg Overall	Bio Mod1	Bio Mod2	Bio Overall	Lit Mod1	Lit Mod2	Lit Overall
Keystone Exams 2012-2013 Winter	11	Pass(1558)	Pass(1586)	Advanced(1569)				Pass(1556)	Pass(1581)	Proficient(1569)
<b>Keystone Exams Best</b>		Pass(1558)	Pass(1586)	Advanced(1569)				Pass(1556)	Pass(1581)	Proficient(1569)

## RTI

The entire RTI module has been redesigned for better process flow and configurability. Give us a call for a demo or to help you set up this module.

## Sysadmin User

**Maintain Data – Student Groups** - A sysadmin user can create a template group and assign copies of it to as many users as they want. You can assign template groups to teachers, principals and superintendents. You can also choose if a “user can edit their copy” or to “delete this copy at the end of school year”.

1st Graders (160 students)

**Assign Copy of Template to User:**

School Type : All Schools

Building : OnHand Schools Center of Learning

User Role : Teacher

User :

User Can Edit

Delete This Co

Check All

KdgTeacher (Ableton, A (729))

elementary (Barton, B (734))

TestTeacherElem (Condle, C (673))

MathTeacher (Monbor, M (445))

PetersTwpTeacher (Negri, N (622))

ASSIGN

## Data Analyst

PSSA - Add PASA to filters and reporting fields

New – way to create Edinsight student groups from analyst groups. You can edit an analyst group and publish that group to other users. Choose the role and users you want to assign to the group.

**Edit Dynamic Student Group**

**TomsTeacherGroup**

Others can see the group definition:  Make group private

Copy group to:

Number of students in group: 2491

**Available Filters**

- Group Filter Fields
- Student General
- Student Attendance
- Student Misconduct
- Student Courses and Grades
- Student Attributes
- Student Assessments
- Local Assessments

**Selected Filters**

of General - Is Active

Yes

- Ableton, A (308) (KeystoneTeacher)
