Alerting/Monitoring Services

[Ad Facts](#)

Provides customized competitive advertising and publicity tracking in print media (trade and consumer publications) and on the Internet. Offers reports on ad spending, publicity coverage, media placement, and analysis of the competitors' advertising strategies over time.

[Dialog/Datastar](#)

The Dialog Corporation provides alert services for both Dialog and its European counterpart Datastar.

[Factiva](#)

Factiva, a Dow Jones/Reuters company, provides business news and information from a variety of newspapers and news wires.

[Google](#)

Google Alert tracks new content across the entire web by monitoring billions of web pages indexed by Google on a regular basis.

[InfoBeat](#)

This free site will deliver personalized news and finance stories to your email account.

[MarketWatch](#)

News, financial data, and alerts for stocks and topics of personal interest.

[NewsEdge](#)

Features numerous alerting services to match personal preferences and requirements. Services can be e-mail-based, Web-based or via fax. Prices range from free to low/moderate cost per month.

[Tracerlock](#)

This low-priced service monitors search engines, usenet groups, personals ads and stock quotes.

[Watchlist/Edgar Online](#)

This site offers an inexpensive SEC-specific alerting service. Receive an HTML-enabled e-mail alert in your mail box when a specified company submits a file with the SEC.

Annual Reports

[Annual Report Gallery](#)

Links to over 1,000 free annual reports, some in full image format, including most of the Fortune 500 companies.

[Company Annual Reports On-line](#)

Free annual reports available online for companies in Europe, Asia and United States.

[IRIN: Annual Report Research Center](#)

Easy-to-use directory of current and historical annual reports.

[The Public Register's Annual Report Service](#)

Annual reports and 10K's on over 3,600 public companies.

[Wall Street Journal Annual Reports Service](#)

Search by alphabetical order or industry.

Associations

[ASAE and the Center for Association Leadership](#)

Directory of member associations (hundreds of web links). Listings of other (unlinked) associations, organizations and societies. Directory of convention centers and bureaus.

[Professional Associations](#)

Yahoo's list of more than 140 professional associations.

[Society of Competitive Intelligence](#)

Society of Competitive Intelligence Professionals homepage, featuring SCIP publications, electronic discussion groups, expert/speaker database, events calendar and information about the organization.

Benchmarking

[APQC Best Practices](#)

The American Productivity & Quality Center (APQC) has links to resources for process and performance improvement for organizations and industries; benchmarking, competitive intelligence, sales & marketing, strategic planning, new product development, leadership, and more. Parent of The International Benchmarking Clearinghouse.

[Benchmarking Sources](#)

The Telecommunications Benchmarking International Group also has links to more than 60 industry-specific benchmarking organizations.

[Best Manufacturing Practices](#)

Subscription-based service on benchmarking and measurement quality.

Business/Economic Resources

[Alacra](#)

Fee-based collection of pre-formatted, application-ready, numeric information--including company, industry, country, demographic and economic data--that will save hours of typing and data conversion.

[BIZlink](#)

Business resource site that includes links to web sites on company research, industry research, international business, patents and trademarks, and more.

[BRINT Research Institute](#)

A searchable database that provides access to hundreds of full-text articles, papers, magazines, journals, case studies, tools, and thousands of other resources on today's top business issues.

[CEO Express](#)

A valuable site featuring "one-stop shopping" for company and business-related information. This single page features a large, well-organized collection of business-related internet sites and services.

[Country Studies](#)

Full text of select handbooks presenting detailed description of political, economic, and social conditions of select countries around the world. From the Library of Congress.

[DataPlace](#)

The Fannie Mae Foundation's DataPlace contains national, state, and city housing and demographic information. Information can be viewed visually on maps, scatterplots, charts, and tables.

[Economic Statistics](#)

Links to the most current federal economic indicators available, including production and sales, employment and unemployment, income and expenditures, interest rates, prices, and also international statistics.

[Galaxy](#)

Galaxy's massive directory for business and commerce information links to organizations, businesses, publications, news sources, and is searchable or browsable.

[Gross State Product Tables](#)

U.S. Bureau of Economic Analysis tables estimating value of goods and services for more than 60 industries in 50 states.

[Industry, Trade and the Economy](#)

From the U.S. Department of Commerce, this site includes industry descriptions and trends, data by industry, and foreign trade information.

[Information Please Almanac](#)

Business statistics, including Dow milestones, corporate profits, motor vehicle data and more.

[KnowX](#)

A fee-based database of public records, compiled from official sources and updated regularly; includes a People Finder, a Business Records Finder and a Background Check.

[National Trade Data](#)

Offers a variety of business and economic resources from numerous government agencies.

[State Small Business Profiles](#)

Full text of Small Business Administration reports providing statistical overviews of the economy in 50 states, focusing on small business.

Company Information

[AllBusiness](#)

This site provides a business directory, searchable by industry or company name. It also features business profiles, a franchise directory, and links to government resources.

[Annual Report Gallery](#)

Links to over 1,000 free annual reports, some in full image format, including most of the Fortune 500 companies.

[Business.com](#)

With over 400,000 listings, this site offers company profiles for public and private international companies, biographies of executives, industry profiles and news.

[Corporate Information](#)

This site provides ways to do both company, industry and country research. Profiles on more than 31,000 companies in 55 countries are provided by Wright Investors Service.

[Hoover Company Listings](#)

Company directory listings searchable by company name, location, industry and sales figures. Includes percentage gains or losses in sales for the most recent year, and links to web sites if available.

[InterNet Bankruptcy Library](#)

Worldwide troubled company resources, including news, case-specific newsletters, discussion groups, and book and periodical resources.

[IRIN](#)

Free. Online annual reports, quarterlies, fact books, and press releases for more than 2,000 companies, available in full image format.

[Kompass](#)

Access information on 2.2 million companies, 4.2 million executives, 54,000 product and service keywords, and 822,000 trade names. Search by company name, product, or geographic region. Detailed reports available for a fee.

[Researching Companies Online](#)

An excellent business research tutorial, which links to web sites with free company and industry information on the Web.

[SEDAR \(System for Electronic Document Analysis and Retrieval\)](#)

Canada's site for public company filings (similar to EDGAR). This free bilingual service includes most filings required of public companies and mutual funds, and also provides links to regulatory sites and stock exchanges.

[The Public Register's Annual Report Service](#)

This service allows U.S. investors to order, via the Web, free annual reports from over 3,600 public companies.

[The Vault Career Research](#)

Career research site offers free company snapshots, in-depth profiles, as well as news, message boards, and research on different industries.

[Thomas Register](#)

Automated searching of the Thomas Register of American Manufacturers by product or service. Free membership.

[WetFeet Career Research](#)

Career research site offers free company and industry profiles, as well as links to other career and job-related sites. For a fee, you can purchase in-depth "Insider Guides" to a company or an industry.

[Yahoo!--Company Directories](#)

This vast directory site is particularly useful for finding smaller companies; listed alphabetically by industry.

Competitor Intelligence

[Factiva](#)

A Dow Jones & Reuters company that provides business information via articles from more than 10,000 sources worldwide.

[Fuld & Company](#)

A competitive intelligence consulting firm that analyzes markets and competitors, teaches intelligence-gathering methods, and helps companies establish internal competitor monitoring capabilities.

[Industry Canada](#)

From the Canadian Federal government, this site offers a nice overview of CI tools and links. In English and French.

[New York Society of Security Analysts](#)

A forum for the exchange of investment information in the U.S which includes listings of NYSSA's seminars and corporate presentation luncheon meetings.

[Society of Competitive Intelligence](#)

Society of Competitive Intelligence Professionals homepage, featuring SCIP publications, electronic discussion groups, expert/speaker database, events calendar and information about the organization.

[The Wall Street Transcript](#)

This site provides security reports, analysts comments on market trends and industry issues, and CEO interviews.

[Wincite Systems](#)

Software provider specializing in competitive intelligence and knowledge management applications.

Corporate Filings & Records

[10K Wizard](#)

Subscription-based searches on public company securities filings. Easy-to-use interface.

[BRB's Public Record Retriever Network](#)

If you are unable to find or retrieve public records online, you may want to hire a public record retriever who is local to the area that you are researching. This user-friendly site enables you to search by state or county. Retriever profiles include contact information, types of records retrieved, retrieval areas, and other specific data.

[Edgar Online](#)

This site offers an inexpensive SEC-specific alerting service. Receive an HTML-enabled e-mail alert in your mail box when a specified company submits a file with the SEC.

[Free Public Records](#)

Links to more than 300 state, county, city and federal (court) websites where you can access public record information for free.

[Free Public Records Directory](#)

Featuring access to individual state public record databases, this site is searchable by zip code or city and state.

[Individual Secretary of State Offices](#)

This page, from State and Local Governments on the Net, contains links to the secretaries of state offices. These offices may provide online access to corporate and business reports, including UCC filings, incorporations, mergers, and liquidations.

[KnowX Business Background Check](#)

For a fee, KnowX will provide a Business Background Check, which includes bankruptcies, corporate records, federal employee identification numbers, yellow pages, and business lawsuits, liens, and judgments records. It recommends its service to enable customers to make better business decisions about selecting new suppliers, customers, or business partners.

[Searchsystems.net Public Records Directory](#)

This commercial site bills itself as the original, largest, most up-to-date and reliable directory of public records on the Internet. It claims to provide more than 38,000 searchable databases, which include not only U.S. and individual state sources but Canadian, Australian, European, and other international databases as well. Monthly and annual subscriptions are available.

[SEC Filings & Forms \(EDGAR\)](#)

Securities and Exchange Commission site. Offers 10K and other reports filed by public companies.

[SEC Info](#)

Free site providing access to SEC EDGAR filings, including mergers & acquisitions, institutional ownership, insider trading, proxies, and late filing notices.

[U.S. Party/Case Index](#)

Public Access to Court Electronic Records (PACER) is an electronic public access service that allows users to obtain case and docket information from Federal Appellate, District and Bankruptcy courts, and from the U.S. Party/Case Index. Users must register and are assessed a per-page fee.

[United States Department of Justice - Freedom of Information Act \(FOIA\)](#)

This government site explains Freedom of Information Act (FOIA) requests and offers links to FOIA contacts at specific federal agencies. It also links to annual department FOIA reports and reference materials.

[United States Public Records Directory](#)

Federal records links, such as Federal Inmate Locator and SEC filings, are provided here, as well as access to other free databases and research tools, such as the congressional vote database, bankruptcy court searching, and FCC filed comments.

[US Private Company Public Records](#)

This fee-based site searches 44 states simultaneously to confirm the existence/legitimacy of USA private firms. Search records including corporations, limited partnerships, limited liability companies, DBA's, fictitious business names, assumed names, prior names, and name reservations.

Finding Experts

[Expert Pages](#)

Easy-to-use menu by subject, then state. Covers all topics from accounting to zoning.

[Experts Online](#)

Search for experts by area of expertise and geographic location.

[Intota](#)

Fee-based service that provides scientific and technical experts in more than 30,000 areas of expertise.

[Sources and Experts](#)

Links to 1) experts on a wide variety of topics arranged by area of expertise, 2) organizations that publish directories of experts on the web, 3) authors and editors; and 4) universities and think tanks.

General Reference

[AllWords.com](#)

Translates words from Dutch, English, French, German, Italian, and Spanish into any of these languages.

[How Much Is That?](#)

What the dollar is worth over time, according to inflation.

[Librarians' Internet Index](#)

The LII presents useful websites in many different areas. It has more than 32 subject categories in its reference section, providing links on abbreviations, conversion tables, world records, and more.

[Library Spot](#)

Virtual library that provides reference sites such as dictionaries, almanacs, calendars, associations, encyclopedias, genealogy, biography and others. Features links to different kinds of libraries (medical, law, music, etc.).

[TechEncyclopedia](#)

Helps you to define more than 20,000 IT terms.

[Time and date.com](#)

Provides the current local times for more than 130 places around the world.

[Travel Health Online](#)

Features information on more than 200 countries, travel advisories, health concerns and vaccines.

[Wikipedia](#)

This "free encyclopedia that anyone can edit" contains more than 1.6 million articles in its English edition (it has versions in 250 languages). The site, run by the non-profit Wikimedia Foundation, also includes a directory of species, quote collection, and textbooks and manuals. At the Wikipedia Reference Desk, volunteers will respond to specific questions.

Government Agencies

[Environmental Protection Agency](#)

News and events, laws and regulations, and projects and programs information from the EPA. Business and industry links also included.

[Federal Business Opportunities](#)

This site serves as the "single government point-of-entry (GPE) for Federal government procurement opportunities over \$25,000." Vendors can search by date, by industrial or procurement codes, or by agency to find potential business opportunities from government buyers.

[Federal Register](#)

Federal Register and Congressional Record (searchable) available at Government Printing Office site.

[Federal Web Navigator](#)

A very extensive listing of federal government links, searchable by agency name or subject. Maintained by the Villanova University School of Law.

[FirstGov](#)

The official U.S. Government portal. Free access to the index to the government's web sites.

[Infomine](#)

For locating government sponsored web sites.

[LOUIS](#)

LOUIS, which stands for the Library of Unified Information Sources, presents a site that includes seven sets of federal documents: congressional reports (including House, Senate and Joint committees); the Congressional Record; congressional hearings (testimonies from House and Senate committees); the Federal Register; presidential documents (executive orders, determinations, memos, notices, and proclamations); Government Accountability Office reports, and congressional bills and resolutions. It is searchable by keyword, date, or document. Updated daily, the database allows users to set up an RSS feed for subject alerts.

[National Institute of Standards and Technology](#)

Current news releases, and archives, newsletters, conference/events calendar, fact sheets, speeches and publications from NIST.

[National Science Foundation](#)

Science and Engineering research and statistics, including publication information and data and links to other government, international and related sites.

[Occupational Safety and Health Administration](#)

Occupational Safety and Health Administration (OSHA) standards, regulations and information.

[U.S. Business Advisor](#)

Links to government sources, including general business, employment, trade and finance sites, for the business world. Includes a search engine that scans more than 100,000 U.S. Government Web sites.

[U.S. Census Bureau](#)

U.S. census data is searchable with keywords or by clicking on an area map. Reports are available for downloading.

[U.S. Department of Agriculture](#)

News releases, agency reports, special events and other agricultural information, including calendars and educational resources.

[U.S. Department of Agriculture Economics, Statistics and Market Information System](#)

This USDA System contains nearly 300 reports and datasets covering U.S. and international agriculture and related topics. Reports include areas such as economics, rural affairs and annual statistical reports (spreadsheets) on crops, dairy and poultry production, farm income, and world agriculture trends.

[U.S. Government Online Gateway](#)

FedWorld--gateway to various government online resources.

[U.S. National Technology Transfer Center](#)

U.S. National Technology Transfer Center. Information on federally sponsored R&D, reports on new technologies.

[U.S. Securities and Exchange Commission](#)

Offers 10K and other reports filed by public companies.

IPOs

[EDGAR Online's IPO Portal](#)

The most complete, FREE service (offered by EDGAR Online) provides easy access to detailed information on IPO filings, pricing, and performance. Search by industry, company, underwriter, or geographic location.

[IPO Central](#)

IPO info (offered by Hoover) for companies that have filed and companies that have started trading. Limited amount of free information; more available by subscription.

[IPO Monitor](#)

Very complete subscription-based service (\$29/month) that provides news, email alerts, commentaries, and IPO company profiles.

Information Services

[D&B](#)

Fee-based business background reports on companies.

[Dialog](#)

Dialog calls itself the "worldwide leader in providing online-based information services to organizations seeking competitive advantages in such fields as business, science, engineering, finance and law."

[Factiva](#)

Top-notch information (plus alerting) service with easy-to-use interface. Content derives from 9,000 publications around the globe, as well as brokerage house and market research reports.

[FT Profile](#)

A commercial source for company financials and company information.

[Google News](#)

A computer-generated news site that aggregates headlines from more than 4,500 English-language news sources worldwide, groups similar stories together and displays them according to each reader's personalized interests. Articles are selected and ranked by computers that evaluate, among other things, how often and on what sites a story appears online.

[Google Scholar](#)

Provides a simple way to broadly search for scholarly literature. Search across many disciplines and sources: peer-reviewed papers, theses, books, abstracts and articles, from academic publishers, professional societies, preprint repositories, universities and other scholarly organizations.

[Ingenta](#)

Fee-based article/document locator and delivery service for more than 20,000 publications dating back to 1988. Journal name, article title, author and date are included in the search.

[Knowledge Express](#)

Focuses on science and technology. A search will yield key contacts, potential partners, market information, patent information, new products concepts and more. Fee-based service that draws information from a variety of copyrighted database services.

[LexisNexis](#)

LexisNexis provides a wide variety of information solutions. Its Lexis and Nexis research services can meet the needs of searchers from many industries, including law, business, academia, and the media.

[Northern Light](#)

Provides access to business and industry news from thousands of hand-selected business news sites, leading business publications, industry authority blogs, regional newspapers, and national news sources. Users can search the full-text of trade journal and business news databases without limitation. A subscription or day pass is required to read articles from the journals and business news sources and to take advantage of functionality like Search Alerts, Public Alerts and user preferences.

[OneSource](#)

OneSource offers access to integrated corporate and industry information, including company profiles, news, SEC filings, business and trade articles, research reports, executive profiles, industry intelligence and financial data. Its subscription-based Business Browser provides information on more than 600,000 public and private companies.

Job Listings

[America's Job Bank Info](#)

America's Job Bank links together the 1,800 state-operated public Employment Service offices. More than 1.5 million jobs are listed with no cost to employer or job seeker.

[Careerbuilder](#)

Job ads from more than 75 career sites are searchable by category, keywords and salary at Careerbuilder. Also included are profiles and ads from larger companies.

[Careers.wsj.com](#)

A free job-search and career-guidance site from The Wall Street Journal Interactive Edition.

[Dice](#)

Job listings for computer and information technology professionals. Excellent search capabilities.

[EmploymentGuide.com](#)

Search for jobs, by location or job category. EmploymentGuide.com focuses on "part time jobs online and entry-level to mid-management employment opportunities."

[JobWeb](#)

Job and career site focusing on new college graduates. It includes numerous links to useful sites around the web.

[Monster](#)

Large database of job listings searchable by keyword, company, industry, location. Offers resume posting and job alerting service (e-mail sent when specified company posts a job). Fee-based to job-posters, free to job-hunters. Top job searches are also available as RSS feeds.

[The Riley Guide](#)

This site provides a guide to online employment opportunities and job resources. Its keyword index provides thousands of links to appropriate job openings. Salary guides and resume writing advice are also posted.

[Yahoo! hotjobs](#)

Vast collection of jobs searchable by keywords, region, job name or base pay. One can post jobs or resumes.

Knowledge Management Resources

[Brint KMNetwork](#)

Nice portal for e-business, information technology, and knowledge management. Contains a useful set of links including books, analyses, KM discussions database, and KM conferences.

[KM Resource Center](#)

Useful resources as KM Websites, case studies, conferences, magazines and books.

[KMWorld](#)

KMWorld magazine, which covers content, document, and knowledge management, provides KM news, event information, and a buyers' guide directory. Its free email newsletter, "KMWorld NewsLinks," is published twice a week.

Law & Legal Resources

[ADLAW By Request](#)

From the law firm Reed Smith, this site is an up-to-date source for legislation and regulation information in the advertising and marketing industries.

[Congress and Government Resources](#)

Congressional site featuring Congressional Record, full text of legislation, bill status, policy information and much more, including related links to state and local governments and other government resources.

[FindLaw](#)

This site offers extensive legal information including case law, codes, legal associations, law reviews, Supreme Court decisions, and other court opinions and statutory codes.

[Internet Legal Resource Guide](#)

This site categorizes more than 4,000 web sites from more than 200 countries around the world.

[Law.com](#)

Law.com provides legal news and information from more than 20 online publications. It also includes job information, legal blogs, and information specifically aimed at law students, small or large firms, or in-house counsel. It features a link to the VerdictSearch website.

[Legal Education and Legal Research on the Internet](#)

Vast collection of law and law school sites sponsored by Rutgers University Law School Library.

[Legal Information Institute](#)

Legal site maintained by Cornell University's Legal Information Institute. This site offers Supreme Court decisions and the Uniform Commercial Code--full text of the code, including a keyword searching system.

[Martindale.com](#)

Now on the Net, and now searchable, this site serves as a comprehensive guide to American lawyers, plus offers other legal news and information.

[Uniform Commercial Code Locator](#)

Uniform Commercial Code locator offers links to state statutes for Uniform Commercial Code.

[Washlaw](#)

Extensive legal site, featuring hyperlinks to the fulltext of U.S. and international law, plus legal organizations, publishers, directories, law library catalogs, and web sites offering assorted legal services.

Libraries

[Harvard Libraries](#)

Useful information such as address, phone number, access information, hours and circulation policy for each library. Direct links to the libraries and their resources.

[J. Murrey Atkins](#)

This library contains links to free websites that contain business news, company, industry, financial and economic information and government agencies.

[MIT Libraries](#)

Search the MIT collections for articles, conferences, government documents, patents, technical reports, theses and much more. Some resources are restricted to MIT community only.

[National Library of Medicine](#)

The world's largest biomedical library. Searchable databases include PubMed, which features biomedical articles.

[The Library of Congress Catalog](#)

The ultimate library catalog--The Library of Congress. It can help you locate obscure books and other texts not stocked in even the best university or business libraries.

[The WWW Virtual Library](#)

Excellent place to locate pages of collected links that can lead to associations and experts.

[WorldCat](#)

Find an item of interest (books, journals, music, many other items)and then locate a library near you that owns it. Usually you will link directly to the item record on the library's Web site. The actions available to you on that page will vary from one library to another.

Market Research

[Alacra Store](#)

This an e-commerce website offering consumers access to select reports from a variety of Alacra databases. Searching the Alacra Store is free. Register to purchase items. Types of business information available include company information, credit research, earnings estimates, economic data, filings, market and investment research and news.

[MarketResearch](#)

Over 40,000 research reports from more than 350 consulting firms. Search and purchase full-text market research reports.

[Mindbranch](#)

A leading source for market research covering over 130 sectors. In-depth industry research, global business information and independent equity analysis. Access to reports, newsletters, company profiles and more. (Fee-based service, see site for details.)

[Research and Markets](#)

This site offers thousands of market research reports. A "One-Stop-Shop" for market research reports and industry newsletters from specialist research firms and niche market analysts. All titles are listed at the same price as specialist research firms.

[The Info Shop](#)

Global Information, Inc. (GII) offers The Infoshop, the world's leading aggregator for premium business intelligence and market research products. The Infoshop currently partners with over 400 of the world's leading market research firms. Through these partnerships, The Infoshop offers the variety of information solutions, including market research reports, annual info services, newsletters, and custom research. 24-hour service to customers.

News

[AdAge.com](#)

Daily news, interactive media issues, archives and other resources.

[American Demographics](#)

Current and archived articles from American Demographics magazine. Free registration is required for article access.

[Bloomberg Online](#)

Abbreviated Bloomberg with summaries of current news--some full-text of columns covering government, business, world markets, and company information are also available, along with extensive links to other publications.

[Business Journals](#)

This site offers 41 business newspapers, from Albany to Wichita, all searchable through one interface. Business-focused local press.

[C-SPAN](#)

Public affairs topics.

[Chicago Sun-Times](#)

Electronic edition of major Chicago daily newspaper.

[CNN](#)

Top notch multimedia site, offering current and archival news stories, links to television and radio programming, current news videos, and podcasts. CNN Pipeline provides access to CNN.com video archives for a fee.

[Financial Times](#)

This site provides three-years-worth of searching of FT, press and newswire articles. You can search by keyword, phrase, company, or journalist.

[FindArticles](#)

Free search for articles dating back to 1998.

[Harvard Business School Publishing](#)

Site offering abstracts, previews and a searchable archive of Harvard Business Review articles.

[HighWire Press](#)

This site provides a collection of scientific and medical magazines, some full-text, some indexed. Included are well-known publications such as Science, Pediatrics, and the Proceedings of the National Academy of Sciences.

[Industry-specific News](#)

Yahoo! Finance site which provides industry-specific, 7-day collection of news stories from a variety of business media sources, including Business Wire, PR Newswire, and MarketWatch.

[Kidon Media-Link](#)

A gateway to newspapers, magazines, television, radio and news agencies around the world.

[Los Angeles Times](#)

Excellent resource for California information, includes news archives and searchable classifieds.

[National Public Radio Archives](#)

Missed an important news story on All Things Considered? Now you can search the archives of several news programs and listen to a particular story. Also includes podcasts.

[New York Times](#)

New York Times (today's edition).

[NewsDirectory](#)

Browse both newspapers and magazines by country and subject.

[Newslinx](#)

Extensive site with all the news about the net and only the net.

[NewsVoyager](#)

A service of the Newspaper Association of America, this site serves as a "gateway" to the news industry; links to daily, weekly, international and specialty newspapers.

[PBS News & Views](#)

On this site you can find original shows and background information about public television programs such as Frontline, Nightly Business Report, NOVA, and others.

[PR Newswire - Company News on Call](#)

Current company news and archives of fulltext PR Newswire stories for hundreds of major public companies (PR Newswire clients) are available here.

[The Mercury News](#)

Complete online newspaper covering California's Bay Area and the Silicon Valley.

[Time Magazine](#)

Massive Time-Warner site featuring access to general interest news and business news.

[TotalNEWS](#)

Local, national and international news, business news, sports, politics and more.

[Wall Street Journal](#)

Wall Street Journal website featuring headlines from current day's paper and selected free stories, plus assorted other services from Dow Jones.

[Washington Post](#)

Electronic edition of the D.C.-based daily newspaper.

[Yahoo! News](#)

The day's headline news. The website is keyword-searchable by news stories, photos, blogs and video/audio.

Patents, Trademarks & Intellectual Property

[Delphion](#)

This site offers access to patent documents from the U.S., Europe and Japan, plus patent applications from the World Intellectual Property Office. Free registration allows users "quick searching against the US granted bibliographic collection and patent number searching against worldwide collections."

[Espacenet](#)

Patent applications in their original language or with an English abstract.

[European Publication Server](#)

This service allows users to retrieve European patent documents by publication or application numbers, main IPC classification, or document type.

[MicroPatent](#)

Fee- and subscription-based patent, trademark, and intellectual property databases.

[Official Gazette](#)

Electronic version of the U.S. Patent Office's Official Gazette notices.

[QPAT](#)

Search U.S. and world patents and trademarks through one of the many subscription-based databases available from Questel Orbit.

[The Copyright Website](#)

Copyright information for digital, visual and audio documents.

[U.S. Patent and Trademark Office](#)

Comprehensive site offering free full-text patents and trademarks in a searchable database, plus general information and links to other web sites. A favorite site of Fuld cybrarians Helene and Brenda.

Phone Directories

[Big Yellow](#)

Sponsored by Verizon, this telephone directory incorporates white and yellow listings and reverse lookup.

[Canada 411](#)

Canadian phone directory. Also includes postal codes. In English and French.

[Info Space: The Ultimate Guide](#)

A collection of look-up services, including white pages, yellow pages, e-mail and government. Also features reverse look-up and mapping functions.

[Links to Postal Code Pages](#)

This huge site will help you find worldwide postcodes.

[Switchboard](#)

This directory offers an excellent, easy-to-use catalog of 10 million business and 113 million residential phone listings, mostly in the U.S. It also features reverse lookup, maps, directions, and area and zip codes.

[Telephone Directories on the Web](#)

Yellow pages, white pages, business directories, e-mail addresses and fax listings for more than 216 countries around the world, including North America, South America, Europe, Africa, and Asia. The site boasts it can help you "find anyone anywhere in the world."

[Yahoo! Search Directory](#)

Links to assorted directories, such as individual and business, domestic and international, as well as mobile phones and email addresses.

Search Engines/Directories

[AltaVista](#)

You can search the Web, images, MP3 and audio, video, and news with AltaVista. The site also offers a free translation service called BabelFish, which will translate web pages and/or text. Search results also include Usenet newsgroup matches.

[Ask.com](#)

Ask.com provides users with a variety of search types and reference tools, including options for images, blogs, news, weather, directions, "famous people," and conversions. Some results feature a binocular icon, which can preview a website page without having to click through. Ask.com touts its ExpertRank technology, which ranks search results by "subject-specific" popularity.

[Blogdigger](#)

Blogdigger indexes blog content through RSS and Atom and makes the content available for searching. Using syndication technologies, it also can provide alerts. A search option also allows you to search for the websites that are linking to a specific URL.

[Blogpulse](#)

Blogpulse is a site where you can search blogs and spot trends. It includes a "conversation tracker", for tracing the origins of a particular blog exchange, as well as a Trend Search, providing a way to literally graph keywords or phrases.

[Clusty](#)

Powered by Vivisimo, this search engine "clusters" results by topics, sources, or URLs.

[Dogpile](#)

This meta search engine runs your search simultaneously in Google, Yahoo! Search, MSN Search, and Ask.com. It is an InfoSpace site. The home page features a section called "Favorite Fetches," which includes popular searches.

[Exalead](#)

The search results page from Exalead provides additional information, such as related terms, related categories, web site location, document language, and document type, that informs users and enables them to consider additional searching possibilities. These features can be especially helpful when researching a concept that can have many meanings.

[Excite](#)

Excite is a directory site which also offers web searching, page personalization, news, and other features.

[Findspot](#)

Another meta search engine, Findspot provides tips on how to conduct an effective search, a guide to search engines, and the ability to limit search results to just U.K. sites.

[Google](#)

Widely regarded as the premier search engine, Google will bring you directly to the most popular websites (based on number of incoming links). It offers a variety of tools such as book searching, blog searching, geographic imaging, scholarly results, and news alerts.

[IceRocket](#)

IceRocket provides options for searching blogs, the Web, news, images, and phone pics. It also allows searching of MySpace, the online social network.

[Internet Archive](#)

The Internet Archive contains digital files such as websites, moving images, live music, audio and text. Its "Wayback Machine" allows users to find the historical version of a website, even one that may no longer be active.

[Lycos](#)

Lycos features web searching, news, entertainment, music and games.

[MetaCrawler](#)

An InfoSpace meta search engines, MetaCrawler allows searching for an exact phrase and offers a single interface for many search engines, including Google, Yahoo! Search, Ask.com and MSN Search.

[Open Directory Project](#)

Volunteer editors maintain this free web directory of more than 5.3 million sites. Available in 15 languages, the Open Directory Project can be searched by text (advanced search options available) or subject categories, including business, reference, and regional.

[Search Engine Colussus](#)

This website bills itself as an "international directory of search engines."

[Search Engine Feeds](#)

This site bills itself as a "complete resource for syndicated news, article, blog or forum feeds from popular industry sites that offer xml, rss or atom feeds relating to search engines and search engine optimization." They aim to provide the largest collection of current, popular, up-to-date search engine news and article feeds from industry professionals who report on a variety of subjects including Google, Yahoo, MSN, SEO, link building, online marketing, web promotion, webmaster news, pay per click (ppc/cpc) and a lot more."

[Search Engine Showdown](#)

Summaries, reviews, and comparisons of the search features and database scope of Internet search engines and finding aids.

[Technorati](#)

Search the "blogosphere", view the top 100 author-assigned blog topics, or find a blog in Technorati's blog directory.

[The Scout Report](#)

This weekly report highlights the newest internet resources "of interest to researchers, educators, and anyone else with an interest in high-quality online material."

[Truveo](#)

Truveo, which is part of AOL, is one of the largest video search engines on the web. You can search by keyword or browse one of its many categories.

[Webcrawler](#)

Webcrawler is another member of the InfoSpace meta search engines.

[Windows Live](#)

Search engine from Microsoft. Search the web, images, news, maps, and classifieds.

[WiseNut](#)

WiseNut features WiseSearch, which helps the searcher create a more sophisticated query. The site also lets user set preferences, such as result clustering and content filtering, when running searches.

[Yahoo!](#)

One of the largest and most popular Internet directories, Yahoo! also sports a superior search engine. An excellent, vast site with multiple uses such as searches for job postings, company listings, news, etc.

Statistics

[FedStats](#)

Statistics from more than 100 agencies of the U.S. Government, including industry and regional data.

[Official Statistics on the Web](#)

From reliable sources, updated statistics on countries and various topics.

[Stat-USA](#)

From the Department of Commerce, this subscription-based service provides the user with economic data and international market reports.

[Statistical Abstract of the U.S.](#)

Provides statistics on social and economic conditions (as population, education, housing, employment) in the United States. Also features tables and state profiles. The Abstract can also lead you to other data sources from other federal agencies and private organizations.

[Statistics.com](#)

This online course catalog offers a directory of data sources for topics such as agriculture, education, health, science, transportation, and much more.

Trade Shows/Conferences

[Conventions.net](#)

Conventions.net is a leading online resource for convention, tradeshow, and conference planning, dedicated to simplifying the otherwise difficult task of searching for event industry suppliers worldwide.

[Expodatabase](#)

Searchable database of international conferences.

[Trade Show Week](#)

"The Trademark of the Trade Show Industry"; the voice of the exhibition industry, serving thousands of global companies and business leaders around the world.

[TSNN - The Ultimate Trade Show Directory](#)

The world's leading online resource for the trade show, exhibition and event industry since 1996. TSNN owns and operates the most widely-consulted event database on the Internet, containing data on more than 17,500 trade shows, exhibitions, public events and conferences. It also offers over 360,000 seminars through a strategic partnership. TSNN helps facilitate the exchange between buyers and sellers to achieve a successful venture with over 137,000 registered website users, 35,000 bi-monthly newsletter subscribers and LinkedIn groups.

Usenet/Discussion Groups

[AltaVista](#)

You can search the Web, images, MP3 and audio, video and news with AltaVista. The site also offers a free translation service called BabelFish, which will translate web pages and/or text. Search results also include Usenet newsgroup matches.

[Catalist](#)

Browse any of the more than 73,800 public LISTSERV lists on the Internet by host site, host country, or number of subscribers.

[FAQs](#)

A compilation of FAQs (frequently asked questions) from Usenet newsgroups arranged by topic with indexes.

[Google Groups](#)

The most comprehensive search engine for Usenet discussion groups, Google Groups enables keyword searching for discussions of companies; former employees' resumes; job or conference announcements.

[Mailgate](#)

Various discussions of countries or general topics, in different languages.

[The Motley Fool](#)

Financial discussion boards that focus on stocks, investing strategies, and market analysis.

Industry Internet Resources

Advertising/Marketing

[AdAge](#)

Advertising Age, known for its top rated coverage of the advertising industry, offers this site with daily news, archives, plus listings such as top advertisers in various categories and a variety of lists such as 50 best commercials.

[Advertising Media Internet Center](#)

AMIC sponsors a vast collection of advertising-related websites, including links to organizations and associations. Industry news and advertising data are also highlighted.

[Advertising World](#)

University of Texas offers this abundant collection of advertising and related links to companies, organizations, and conferences, and sports an excellent advertising-specific directory of topics.

[Adweek Online](#)

Subscription-based current, weekly and archived advertising-related articles and industry updates. Also includes classifieds.

[American Association of Advertising Agencies](#)

Newsletter, events, membership roster, abstracts of publications; some available free of cost, others for purchase.

[Creativity's AdCritic](#)

The latest ads in movies, TV, music and politics. You must be a subscriber to view most sections, including news headlines and "The Top 20 TV Spots."

[Interactive Advertising Bureau](#)

IAB events, news, membership information and research about the use and effectiveness of advertising on the Internet.

[MarketResearch](#)

Over 93,000 research reports from more than 350 consulting firms. Search and purchase full-text market research reports.

[The Advertising Research Foundation](#)

A corporate membership association performing research in advertising, marketing and media. Its website offers information about the organization, ARF-sponsored events, and links to recent issues of The Journal of Advertising Research.

[Web Digest for Marketers](#)

This website features a weekly newsletter of marketing-related sites, as well as Larry Chase's Web Digest for Marketers Resource Directory. Subscriptions to the newsletter are free.

[Yahoo!'s Advertising Sites](#)

A useful collection of advertising and marketing organizations.

Aerospace/Defense

[Aerade](#)

British website that features aerospace and defense resources regularly updated by Cranfield University. Also offers links to reports, engineering design data, upcoming conferences and an Internet Aviator Tutorial.

[Aerolink](#)

An "aviation specific link farm" with about 10,000 links organized by tabs. Specific subject categories include Air Carriers/Airports, Aircraft Acquisition/Operation, and Industry/Commercial.

[Aerospace Industries Association](#)

Trade group site offering association news and speeches, calendar, and links to related industry sites. Also statistics on employment, production, and foreign trade.

[Aerotech News & Review](#)

Weekly aerospace news, archives, links to other aerospace sites, calendar of events and employment opportunities.

[AeroWorldNet](#)

Features airline and aerospace industry news and message board, plus lists of industry events, jobs, associations and companies.

[Air Transport Association - Economics & Energy](#)

Airline industry information, including an annual outlook of the industry, plus useful statistics such as cargo traffic, industry earnings and employment.

[American Institute of Aeronautics and Astronautics](#)

Site includes a searchable database of conference papers, an events calendar, AIAA Bulletin, and resume and job postings for aerospace professionals.

[AVweb](#)

A free aviation-specific web site featuring news, databases, classifieds, and an events calendar.

[DefenseLINK](#)

Home page for the U.S. Department of Defense. It includes aerospace news releases, information about doing business with the defense department, and War on Terrorism updates.

[NASA](#)

Huge website that allows you to explore NASA technology, access publicly available aerospace documents and multimedia files, among other material.

[SciCentral](#)

Billing itself as the "gateway to the best scientific research news sources," SciCentral invites you to browse information on "biosciences, health sciences, physics/chemistry, earth & space, or engineering."

Agriculture

[Agriculture Online](#)

Current news for the agriculture industry, including market and technology features.

[AgriGator Ag Sites](#)

Agricultural and related information index. Links to government sites, state sites, publications, list servers, other internet sites.

[USDA](#)

The official site for the U.S. Department of Agriculture presents information on a variety of agricultural topics, including laws & regulations, marketing & trade, and research & science.

[USDA Economics, Statistics and Market Information System](#)

This USDA System contains nearly 300 reports and datasets on U.S. and international agriculture and related topics. Reports cover areas such as economics, rural affairs and annual statistical reports (spreadsheets) on crops, dairy and poultry production, farm income and world agriculture.

[Yahoo! Agriculture](#)

Yahoo sponsors a comprehensive gathering of agriculture-specific links pages.

Apparel

[American Apparel & Footwear Association](#)

Apparel and footwear industry legislative & trade news, calendar of events, publications directory, and related industry links.

[Just-Style.com](#)

News, trade events and discussions of the apparel industry. One can also buy reports and studies.

[OTEXA: The Office of Textiles and Apparel](#)

This site from the U.S. Department of Commerce presents trade data, import quotas, trade events and links to other apparel/textile-related web sites.

[Yahoo! Apparel](#)

A directory of apparel-related resources.

Automotive

[American International Automobile Dealers](#)

International automobile industry information, including sales and production figures, employment statistics, and several sources of current and archived news.

[Autoblog](#)

Blog on automotive news and trends. Articles submitted by different contributors. Also provides links to automakers and auto types.

[Autofacts](#)

This site from the PwC Automotive Institute contains the Autofacts global light vehicle assembly and powertrain consumption forecasts, as well as analyst briefings.

[Automotive Industry Action Group](#)

Home page of the automotive industry action group trade association.

[Detroit Free Press](#)

The automobile industry is covered in the business section of the Detroit Free Press. Features daily news and auto reviews.

[Motor Age](#)

Automotive articles, technical features, industry news and troubleshooting advice.

[Office of Automotive Affairs](#)

Auto Industry Data, including economic, financial and trade statistics, U.S. Motor Vehicle Market Quick-Facts, the U.S. Automotive Industry Sector Report and more.

[United States Council for Automotive Research \(USCAR\)](#)

An organization formed by DaimlerChrysler, Ford and General Motors to strengthen the technology base of the domestic auto industry. Site contains the latest USCAR news and information, as well as links to industry trade associations and federal laboratories.

[Ward's Communications](#)

U.S. and international news, automotive industry sales and production statistics, and a list of automotive-related publications.

[WHI Solutions](#)

This site includes a huge list of Industry Association and Manufacturer links.

Chemicals

[ChemConnect](#)

An online chemical and plastics marketplace with a commodities exchange and trading rooms. Also market news.

[Chemical Online](#)

Current, monthly and archived news, product showcase, supplier directory, marketplace, discussion forums, and career resources for the chemical industry.

[Chemical Week](#)

Chemical industry news, links to companies in the chemical industry, industry meetings, conferences, trade shows information, and more.

[ChemIndustry](#)

Describes itself as "the worldwide search engine of the chemical industry." Very complete directory of suppliers, resources, equipment and institutes. Also offers a Chemical Name Synonyms finder, an expert site and job vacancies. Also available in Chinese.

[Chemistry & Industry](#)

The online version of the eponymous magazine, which is written for members of the Society of Chemical Industry. Features news, patents, conferences and events, the latest equipment news, and jobs.

[Chemistry.org](#)

News, conferences and educational resources from the American Chemical Society.

[Chemsoc](#)

From the Royal Society of Chemistry. Provides industry news, conferences and events, career information, a unique visual representation of the periodic table, and other resources, as well as more than 3,000 chemistry-related web links.

[Material Safety Data Sheets](#)

This site helps searchers find material safety data sheets by providing a list of useful websites.

Computer Hardware/Software

[ACM--Association for Computing Machinery](#)

Web site for those in information technologies--from the first international computing society. Site provides information on chapters, conferences, publications, and special interest groups ranging from Accessibility and Computing to Hypertext, Hypermedia and Web.

[CNET News.com](#)

Current high tech news, including hardware, software, semiconductor, telecommunication and Internet sectors. Includes links to blogs and podcasts.

[Communications Information Sources](#)

This site provides "pointers to a vast number of Internet information sources in the field of Communications and Telecommunications." It includes both U.S. and international information.

[InfoTech Trends](#)

Provides market forecasts for the information technology industry. Access is free, pay per minute, or subscription based.

[Pricewatch](#)

Compare mail order prices on computer hardware and software with this searchable site. A search produces a list of vendors, in decreasing price order, with all necessary contact information (including hyperlinks).

[Silicon Valley.com](#)

Daily articles covering technology news and the "Good Morning Silicon Valley" blog.

[Smart Computing](#)

Read Smart Computing publications, find answers to your computer questions based on type of question and subject, or get software or hardware product reviews. Site also includes a web site directory, computing dictionary and encyclopedia, and a subscriber-only chat room.

[Software & Information Industry Association](#)

Provides news and trends for the software and digital content industry.

[TechWeb](#)

Read the current news and headlines for the High Tech world and also find analysis, webcasts, and product reviews.

[Yahoo! Computer](#)

Thousands of links to companies and topics. Organized in computer business categories.

[ZDNet](#)

Computer-related news, blogs, white papers, product reviews and links to over 500 resources.

Construction

[AEC InfoCenter](#)

Offers company and product directories, links to brochures, and specification and CAD information, as well as press releases.

[Construction Executive](#)

Employment articles and job listings in the construction industry.

[Construction Web Links](#)

This directory from Thelen, Reid & Priest provides links for construction industry topics such as project financing, best practices, and state building codes, as well as job information, statistics, and meetings and conventions.

[e-Architect](#)

Federal Project Leads and architecture industry news, as well as career information.

[Engineering News-Record](#)

Construction industry site: provides news and information on companies, people, products and projects.

[Heavy Construction](#)

Daily top stories and links to construction-related topics; international coverage.

[Reed Construction Data](#)

Reed Construction Data's portfolio of products and services includes national, regional and local construction data, building product information, construction cost data, market analytics and advertising channels to construction industry professionals in the US and Canada.

Energy/Utilities

[CREST](#)

Presented by the Renewable Energy Policy Project and the Center for Renewable Energy and Sustainable Technology, this site provides energy-related documents and databases, discussion groups and web sites.

[Department of Energy](#)

News releases and speeches for the past two years, a list of DOE-sponsored public meetings and workshops, and online newsletters and publications. Also includes information on energy prices, trends, and conservation tips.

[Edison Electric Institute](#)

Utility industry news, current and historical information on the industry, a list of upcoming conventions and meetings, and a list of publications and subscriptions.

[Electric Power Research Institute](#)

EPRI news briefs and releases, the EPRI Journal online, and links to energy-related sites.

[Energy Central](#)

News, directories, events, and online databases for the electric power professional.

[Energy Information Administration](#)

The source of "official energy statistics from the U.S. government," this site provides energy links, listservs, presentations, reports, and conferences as well as links to fuel and energy groups. It also features reports and analyses of a number of energy sectors, such as petroleum, coal and the environment.

[EnergyOnline](#)

EnergyOnline provides energy industry data, reports, press releases and price information.

[Eyeforenergy](#)

News, events, case studies, industry reports and interviews.

[Institute of Electrical and Electronics Engineers](#)

Current and archived news for the electrical industry, online publications, and more.

[Los Alamos National Laboratory](#)

Online research material, including databases and an extensive journal collection, and new releases for the energy industry. The site also features sections on national security and on Los Alamos research history.

[National Renewable Energy Laboratory](#)

Research and technology, news and events, archives, data, documents and more concerning renewable energy and energy efficiency.

[Natural Gas Intelligence](#)

Subscription-based service that provides daily and weekly Gas Price Index, surveys and a newsletter.

[North American Electric Reliability](#)

Provides expertise for the electricity markets.

[Nuclear Energy Institute](#)

Current and archived news releases, fact sheets, and links to nuclear power-related web sites.

[Oil and Gas Online](#)

A searchable directory to the Internet of the oil and gas industry. Provides products, suppliers, news, market reports and more.

[Oil Online](#)

Oil Online brings together information on oil stocks, news, new product releases, career resources, and hyperlinks to oil companies.

[PennWell Publishing](#)

Prominent energy-related publisher. Site provides information about technical magazines, conferences, exhibitions, books, database resources, and market research.

[Platts](#)

News is broken down by categories: oil, natural gas, petrochemicals, coal, electric power, nuclear, and metals. Nice charts on different products. A blog on renewable energy and podcasts on industry topics are available to registered users or subscribers.

[Power Engineering](#)

Online magazine that provides searchable archives, a list of events, and a browsable product directory.

[Power Market Association](#)

Power Market Association web site is for those engaged in marketing electric power. Also features extensive links to other energy resources and some Energy Yellow Pages.

[RigZone](#)

Site for the oil and gas industry featuring financial information, news, business prospects, product listings, job and resume postings, and classifieds.

[The Utility Connection](#)

Electric, gas and water resources and directory.

[UtilityWeek](#)

Directory and database of UK utilities. Interesting *Industry Watch* section that features new appointments, products and contracts. News for subscribers only.

Engineering

[American Society of Mechanical Engineers](#)

This site offers discussion groups, news, conferences and the ASME's codes and standards.

[AMTOnline](#)

Home page for the Association for Manufacturing Technology (AMT), an organization dedicated to American Manufacturers with news, technical and marketing information. This site includes industry links and a member product directory.

[Cybertown Campus](#)

Engineering links from the virtual community known as Cybertown.

[Engineering Jobs](#)

Job and resume postings.

[Galaxy Engineering and Technology](#)

Comprehensive directory offering browsing or searching. Site links to academic institutions, organizations, businesses, and publications.

[IEEE--The Institute of Electrical and Electronics Engineers](#)

Home page for IEEE--founded in 1884, it's the world's largest technical professional society with 365,000 members in 150 countries in electrical, electronics and computer engineering and computer science. IEEE sponsors technical conferences and local meetings; publishes nearly 33% of the world's technical papers in electrical, electronics and computer engineering; and provides member educational programs.

[Intute](#)

A free online service providing you with access to the very best Web resources for education and research, evaluated and selected by a network of subject specialists. It covers the physical sciences, engineering, computing, geography, mathematics and environmental science.

[MatWeb](#)

Free materials property database. Search by material property value, composition, type, name or manufacturer. Now also offers a fee-based Premium Access.

[NASA Innovative Partnerships Program](#)

This site allows visitors to "discover and access NASA research, technology, expertise, and R&D capabilities." Links include NASA's Technology Transfer Center, a Development Plan portal, and digest of NASA technology licensing opportunities.

[Public Works](#)

Features headlines and industry news.

[TechSavvy.com](#)

Provides technical and engineering information such as Commercial and Industry Standards and Military Documents.

[TechXtra](#)

Find articles, key websites, books, the latest industry news, job announcements, ejournals, eprints, technical reports, the latest research, thesis & dissertations and more.

[WWW Virtual Library: Chemical Engineering](#)

Chemical engineering-related sub-topics, organizations, and other relevant resources.

[Yahoo! Engineering](#)

Links to various engineering specialties as well as to related topics like ergonomics, events, usenet groups, libraries, organizations, and indexes.

Environment

[EnviroLink Network](#)

In association with the Animal Concerns community, this website offers news, some statistics, and a neat listing of environmental organizations.

[Environmental Directory](#)

A directory of more than 13,000 organizations in the United States concerned with environmental issues and environmental education. This directory is the most complete and most comprehensive environmental directory in the United States. It is available for free at this Web site and for purchase in Filemaker Pro and Excel formats.

[Environmental Protection Agency Notebooks](#)

From the Environmental Protection Agency, these Sector Notebooks provide data on water, air and land quality, and regulation for selected major industries.

[Green Pages - Global Directory of Environmental Technology](#)

A comprehensive guide to the full spectrum of environmental products & services, featuring 7,000 leading suppliers from 148 countries. Information about organizations, publications and events is complemented by editorial contributions from distinguished experts in their respective fields. This is a practical reference source for government departments, utility companies, engineering consultants, development agencies, importers and traders, educational institutes, non-governmental organizations and individuals engaged in environmental activities.

[World Bank - Environment](#)

Web site for The World Bank's Environment Strategy. They are one of the key promoters and financiers of environmental upgrading in the developing world. Site offers data and statistics, publications and reports, and news and events, among various other categories.

[Yahoo! Environment and Nature](#)

A links page of assorted environment sites around the Net.

[Zero Waste America](#)

This non-profit environmental organization provides issues on health, waste and recycling. Also features news, statistics and a detailed list of government contacts and resources.

Financial Services

[Bloomberg Business News](#)

International news focusing on finance and markets. Includes economic indicators and statistics on fund performance.

[CNN Money](#)

Current financial news, market data and industry information from CNN. Also includes a free, customized, email news service.

[Corporate Financials Online](#)

Financials on a variety of mostly smaller companies (about 75% are technology oriented.) Also includes a collection of links to business news sources.

[Earnings.com](#)

Offers access to companies' latest conference calls and earnings releases. The site also offers information on conferences, IPOs and other "economic events."

[Finance from the World-Wide Web Virtual Library](#)

Maintained by Ohio State University, this site provides links to finance-related sites, including financial markets, financial data, and much more.

[Finance Resources on the Web](#)

Another excellent list of links to all things financial.

[Internet Finance](#)

The best collection of links to the following topics: banking, commodities, financial directories, insurance, organizations, SEC, and stock markets.

[InvestorLinks](#)

Offers a great financial directory and also stock quotes, message boards and news alerts.

[MarketWatch from DowJones](#)

Latest news and commentaries on markets, mutual funds, IPOs, economy and politics.

[MoneyTree Report](#)

The MoneyTree Report features information on venture capital in the United States. It includes historical data, as well as current data broken down by a number of categories, including region, industry, and development stage. Registration is required.

[Motley Fool](#)

This site offers financial discussion boards, company quotes and data, and tips on investing and retirement.

[Quote.com](#)

Business news, stock quotes, and personal finance advice.

[Reuters Investing](#)

Investment news on markets, stocks, industries, currencies, bonds and more. Analyst research is available for purchase.

[Smallcapcenter](#)

Features analyst reports, stocks, news and alerts.

[Standard & Poor's](#)

S&P indices and credit ratings, list of financial conferences around the world, market analysis and equity research.

[Stock Exchanges Worldwide Links](#)

Links to more than 50 stock exchanges in the world.

[Yahoo! Finance](#)

Offers a searchable database of public companies and features company news, SEC filings and stock valuations.

[Zagury.com](#)

Collected together at this site are a vast array of links to finance/investment-related sites, including stock markets, exchange rates, finance software, business schools, information and news services, and an online bookstore associated with Amazon.com

Food and Beverages

[Business Crossroads](#)

A comprehensive list of the industry's leading businesses including company profiles, stock quotes, recent news, key publications, organizations, and company website and related links.

[Food Institute Online](#)

Covering the range of food distribution, this non-profit site offers data such as food prices, statistics, industry surveys, Food Institute articles, and useful links. Members receive access to additional information.

[Food Marketing Institute](#)

Offers industry news, events, articles, surveys and reports.

[Food Online](#)

An online marketplace for the food processing industry, this site provides information on products and suppliers.

[GNPD](#)

Worldwide information on consumer packaged goods markets. For subscribers only.

[International Dairy-Deli-Bakery Association](#)

Offers IDDBA news and job listings, plus links to associations, government agencies, and publications.

[Progressive Grocer](#)

This site offers the latest industry news, events, and market reports.

General Industry Resources

[CNBC Business Video](#)

Subscription site with hundreds of live and archived audio and video business news and interviews with corporate and government officials. The service includes today's CNBC stories and hand-edited transcripts with full-text searching.

[Financial Times Industry Reports](#)

Industry surveys from the Financial Times.

[IndustryLink](#)

List of links to 25 different industries.

[Marketing & Industry Resource Web Links](#)

A collection of useful sites from the John Pappajohn Entrepreneurial Center at the University of Iowa.

[Yahoo! Finance News by Industry](#)

Industry-specific, seven-day collection of news stories from more than 30 newswires and online publications, including PR Newswire, MarketWatch, kiplinger.com and BusinessWire. Industries included are Consumer Goods, Management Services, Printed Circuit Boards, Textiles, and many, many more.

Healthcare

[ClinicalTrials](#)

This site helps you find clinical trials in the U.S and Canada. One can also register to participate in future clinical trials.

[dr-411](#)

Find a doctor in this database of over 825,000 US physicians and dentists.

[Drug InfoNet](#)

Health and medical information but also contains links to manufacturer press releases and product approval sites.

[eMedicine Consumer Health](#)

This consumer health site offers an index of medical topics; health resource centers containing articles and related information; lifestyle and wellness tips; and first aid information. A medications database and medical dictionary also are featured.

[eMedicine from WebMD](#)

Intended for physicians and health professionals, eMedicine offers articles, contributed by physician-authors and -editors, on 7,000 diseases. It also includes such resources as an image library and medical dictionary. News headlines and "Recalls and Alerts" are highlighted.

[Health on the Net Foundation](#)

This site offers online health information, medical articles, dossiers and a very complete calendar of medical events.

[healthfinder](#)

Links to current and government health news, online publications, clearinghouses, databases, and support and self-help groups.

[HighWire Press](#)

This site provides a collection of scientific and medical magazines, some full-text, some indexed. Included are well-known publications such as Science, Pediatrics and the Proceedings of the National Academy of Sciences.

[Journal of the American Medical Association](#)

Full-text articles available for purchase.

[MayoClinic](#)

A newsstand with current health news and resources, including information on drugs and diseases.

[MediLexicon](#)

This site provides a medical dictionary of more than 200,000 terms, as well as news, disease resource areas, ICD9 codes, and a hospital directory.

[Medscape](#)

Medscape features specialty home pages, medical news headlines, and spotlight articles. Much of the information is written for health professionals, but a "patient education" section provides information for laymen. Registration is required for access to some content. Medline and a drug reference database can be searched through Medscape.

[National Coalition on Health Care](#)

Full-text articles, press releases, reports, and speeches from the U.S. alliance composed of businesses, consumers and health-care providers who want to improve the health care system.

[National Library of Medicine](#)

The world's largest biomedical library.

[Reuters Health Information](#)

Subscription-based health and medical news. Also includes a news archive and a drug database.

[The Lancet](#)

Medical journal from the UK. Free access to selected articles; pay per view is also an option. Also features jobs and conferences.

Insurance

[Fitch Ratings Insurance Group](#)

Provides ratings and research on insurance and insurance-related companies worldwide. Includes consistency of rating methodology across countries. Good source for insurer ratings in terms of financial strength, insurance industry reports and news. Subscribers can access in-depth research reports.

[Independent Insurance Agents](#)

Insurance-industry news and information. Also includes an independent-agent locator.

[Insurance Industry Internet Network](#)

IIIN is dedicated to being the most useful resource on the Internet for finding web sites related to the insurance industry. They have organized thousands of insurance related sites into easy to use sub-directories.

[Insurance Information Institute](#)

The mission of the Insurance Information Institute (I.I.I.) is to improve public understanding of insurance -- what it does and how it works. Every year, I.I.I. works on more than 3,700 news stories, handles more than 6,000 requests for information and answers nearly 50,000 questions from consumers.

[Insure.com](#)

News, comparative information, related articles, and quotes from more than 200 leading insurers.

Law

[ADLAW by Request](#)

Source for information on legal developments in advertising, marketing and media.

[Congress and Government Resources](#)

Congressional site featuring Congressional Record, full text of legislation, bill status, policy information and much more, including related links to state and local governments and other government resources.

[FindLaw](#)

This site offers extensive legal information including case law, codes, legal associations, law reviews, Supreme Court decisions, and other court opinions and statutory codes. It also features a search engine for finding a lawyer.

[Internet Legal Resource Guide](#)

This site categorizes more than 4,000 web sites from more than 200 countries around the world.

[Jurist Legal News & Research](#)

Site featuring legal news, video and commentaries, often submitted by guest legal scholar columnists. Hot topics include both U.S. and world issues. It is maintained by the University of Pittsburgh School of Law.

[Law.com](#)

This site provides great information on various aspects of the law, some Bar exam info and a link to the VerdictSearch website. It also features legal blogs.

[Legal Education and Legal Research on the Internet](#)

Vast collection of law and law school sites sponsored by Rutgers University Law School Library.

[Martindale-Hubbell](#)

Now on the Net, and now searchable, this site serves as a comprehensive guide to American lawyers, plus offers other legal news and information.

[Tarlton](#)

"A keyword-searchable database of tables of contents from more than 750 law reviews and other scholarly publications related to the law published in the United States and abroad."

[The Legal Information Institute](#)

Legal site maintained by Cornell University's Legal Information Institute. This site offers Supreme Court decisions and the Uniform Commercial Code--full text of the code, including a keyword searching system. It also publishes "important secondary sources: libraries in two important areas (legal ethics and social security) and a series of 'topical' pages that serve as concise explanatory guides and Internet resource listings for roughly 100 areas of law."

[Uniform Commercial Code](#)

Uniform Commercial Code locator offers links to state statutes for Uniform Commercial Code.

[Washlaw](#)

Extensive legal site, featuring links to the full text of U.S. and international law, plus legal organizations, publishers, directories, law library catalogs, and web sites offering assorted legal services.

Machinery/Heavy Equipment

[Machine Tools Online](#)

Provides Buy and Sell online sections. Also features associations, events and an online newsletter.

Manufacturing

[ASTM](#)

ASTM International is one of the largest voluntary standards development organizations in the world. ASTM's website can be used to find manufacturing consultants, equipment, laboratories and standards and to search ASTM publications.

[Thomas Register](#)

Access to over 650,000 industrial companies indexed by 67,000 product and service categories and over 20 million CAD drawings and hundreds of searchable product catalogs. No registration required.

Mining/Minerals

[Info-Mine](#)

Industry news, including investment information, an online source of mining suppliers, and a career section with job listings and resume posting.

[Metal Industry Indicators](#)

Monthly data for five metal industries, from the U.S Geological Survey.

[MiningLife](#)

Excellent site that offers an impressive World Mining Directory. Also includes headlines, forums, a list of publications and suppliers, and a cultural section about history and museums.

[National Mining Association](#)

Mining news releases, statistics, speeches, publications and links to mining-related sites.

[The Northern Miner](#)

Free and subscription-based services available, including mining news, conference information and links to mining companies, suppliers, and other related sites.
