

Shoreline Aviation is a good neighbor

- Public safety comes first.
- We are very highly ranked for compliance with security requirements.
- We educate local and visiting pilots about noise abatement measures.
- George Harlow Field is a vital source of tourism business for our community.
- The airport serves an important role in public safety and law enforcement.
- Our pilots donate to AngelFlights for families in need of non-emergency medical transport.
- The airport is a training center and provider of skilled job opportunities.

Serving our community since 1981

About Shoreline Aviation

Keith Douglass, President of Shoreline Aviation and general manager Ann Pollard have nurtured the growth of an enthusiastic aviation community on the South Shore.

Proud to support the Boys and Girls Club of Marshfield

The welcoming facilities at the Marshfield Municipal Airport are a hub for aviation enthusiasts, pilots, aircraft owners, students, and travelers with

a mix of business, recreational, government and law enforcement use.

Many local businesses own, rent and charter aircraft to reach destinations not serviced by commercial airlines, which gives them a competitive edge. Local fishermen utilize aircraft for fish-spotting activities.

Shoreline Aviation is a good neighbor and an asset to the community as an employer, school and point of access for area industry. As a municipal airport, visitors are welcome and encouraged to develop their interest in aviation.

The airport is open seven days a week at 8:00am and staff is on call 24 hours a day.

Executive class charter

Being competitive means being able to do more in less time with your existing assets. Shoreline Aviation is in the business of helping you increase productivity through Executive Charter, a productive tool that can help companies grow faster and become more profitable. Private leisure charter is the preferred mode of travel when your priority is safety, privacy, control, saving time, or arriving closer to a remote destination.

Maintenance

We're experts in the maintenance, repair and modification of all Piper and Diamond models plus all Cessna models including 300, 400, and Citation 500 Series aircraft. We routinely service Sacota TBM 700 Series, JetProp DLX, Beechcraft single and multi engine piston models, Commander 112 and 114 models, Aviat Husky models, Mooney aircraft and many more. Shoreline Aviation is a Piper and Diamond Authorized Service Center.

Flight Training

We're your flight school when you want that first lesson, to get current, to master a new technology or to get your multi-engine rating or other advanced rating. Ample certified instructors are ready to help you advance your pilot skill and confidence.

Hangar space now available.
70 foot door.

Shoreline Aviation

Aircraft sales and management

We specialize in finding the aircraft that best suits your needs and pairing it with a support network that provides you with the highest possible return on your investment. In many cases, Shoreline Aviation is able to arrange leasing options for owners who wish their aircraft to be utilized to its maximum potential.
