

## Reasons to trust Shoreline Aviation with your aircraft

- Your safety comes first.
- Our Director of Maintenance, Ed Novak has 25 years of experience with over 150 years of combined staff experience.
- Factory-trained technicians work on your aircraft.
- We're your Diamond and Piper Authorized Service Center.
- When emergency strikes, we're there with field service.
- We manage corporate flight departments' complex maintenance requirements.
- Marshfield is a classic New England seaside destination, a stunning place to wait while your aircraft is being serviced.

Less down time

## About Shoreline Aviation's maintenance facility

No one wants the plane in the shop. Minimize the pain by bringing your aircraft to Shoreline Aviation. We'll put your safety first and keep your down

time to a minimum.

If your repair or modification is going to take a few days,

Call us to schedule maintenance and repairs.

Marshfield is a beautiful place to be grounded. We've got the Atlantic Ocean with all the fun and New England pleasures that come with our seaside destination.

We're experts in the maintenance, repair and modification of all Piper and Diamond models plus all Cessna models including 300, 400, and Citation 500 Series aircraft. We routinely service Socata TBM 700 Series, JetProp DLX, Beechcraft single and multi engine piston models, Commander 112 and 114 models, Aviat Husky models, Mooney aircraft and many more. Shoreline Aviation is a Piper and Diamond Authorized Service Center.

## How much will it cost?

We will provide an estimate based on parts and anticipated labor before any work begins. Often, you have options. We're happy to discuss the price and time estimates of each option and help you make the best decision based on safety, price and time.

## When will you get to my aircraft?

We maintain sufficient staffing levels to keep your down time to a minimum. Whether your service stop is scheduled or unexpected, we want to get you back in the air. We keep you informed of any changes along the way.

## Can Shoreline Aviation act as Director of Maintenance for my corporate flight department?

Yes! Shoreline Aviation offers a full range of management services. We specialize in customizing management packages to meet the specific needs of each client and are often able to offer aircraft owners significant savings on fuel, maintenance, insurance, management and flight crew services.

## What we do best:

- Promote safety!
- Service piston singles to Citation 500 series jets
- Modify: tip tanks on Bonanza models, Xerion AuRacle engine monitoring systems, PreciseFlight speedbrake, oxygen and standby vacuum systems on Cessna, Mooney, Beechcraft and Piper models
- Fulfill factory warranties on Piper and Diamond models
- Perform pre-purchase and annual inspections
- Act as corporate flight department
- Locate parts
- Provide quotes
- Find cabin pressurization leaks
- Refurbish interiors
- Subcontract for other shops
- Go mobile by ground and air for emergency service
- Sell and lease
- Deliver such extraordinary service that our customers tell their friends and associates about us
