e-mail: **EAA106.YoungEagles@gmail.com**

NOTES:

- 1) Our pilots are members of EAA, the Leader in Recreational Aviation. They are donating their time, planes, fuel, etc. in order to share the experience of aviation with youth. EAA members have flown over 1.6 Million "Young Eagles"
- 2) The number of "Young Eagles" who can be flown is subject to the # of pilots/planes/seats which are available. (Next event: see website)
- 3) The pilot always has the final decision on whom they will take. **Maturity and a genuine interest in aviation** may be a factor.
