Inspection Check Lists

Job Kits

Job kits provide templates for adding jobs to invoices. For example, you could create a kit for an oil change using the usual oil filter and oil. Then you can use the kit to quickly get a basic oil change billed out on a service order. You could also create separate kits for various amounts of oil, or create a kit that contains several types and quantities of oil and choose the appropriate one when you use the kit.

Job Kits Interviews **Inspections**

Search For:

Kit Name	Kit Description
1STYLE	8 Point Inspection (Style 1)
2STYLE	9 Point Inspection (Style 2)
3STYLE	15 Point Inspection (Style 3)
52PT	52 Point Inspection
ZZZCHECKIN	Used On Apts At Checkin Or On New Inv
ZZZSTARTUP	Used Allways

Show Automatically

With our shop management system, you can have inspection checklists that you can drop onto a ticket or have automatically attach to a ticket. This presents nice information to your customer and they will appreciate seeing that you have checked these items and their vehicle is safe.

Hrs/Qty.	Part Number	Tech	Description	Estimate
			9 Point Complimentary Inspection	
.00	CKBE	XX	[Check] Belts/Tensioners	.00
.00	CKBF	XX	[check] Brake Fluid	.00
.00	CKBT	XX	[Check] Battery & Posts	.00
.00	CKFD	XX	[Check] Differential Fluid	.00
.00	CKFS	XX	[Check] Power Steering Fluid	.00
.00	CKTF	XX	[Check] Transmission Fluid	.00
.00	CKTP	XX	[Check] Tire Pressure	.00
.00	CKWB	XX	[Check] Wiper Blades	.00
.00	CKWF	XX	[Check] Windshield Washer Fluid	.00

Make Selection

1- Belts/ Tensioners - OK

2- Belts/Tensioners - Replaced

3- Belts / Tensioners - Should Be Replaced Total= ;

99- [Check] Belts/Tensioners

Here we see our 9 point inspection. We have chosen Belts/Tensioners and can now choose our answer from the answer box.

Hrs/Qty.	Part Number	Tech	Description	Estimate	Total	Vendor
			9 Point Complimentary Inspection			
.00	CKBEOK	XX	Belts/ Tensioners - OK		.0000	
.00	CKBFOK	XX	Brake Fluid - OK		.0000	
.00	CKBTOK	XX	Battery & Post - OK		.0000	
1.00	CKFDN	XX	Differential Fluid - Should Be Replaced	100.0		
.00	CKPSFS	XX	Power Steering Fluid - Seeping From Hose		.0000	
.00	CKTFOK	XX	Transmission Fluid - Ok		.0000	
.00	CKTPOK	XX	Tire Pressure - OK		.0000	
.00	CKWBOK	XX	Wiper Blades - Ok		.0000	
.00	CKWFOK	XX	Windshield Washer Fluid - OK		.0000	
<i>Subtotal for Inspection</i>				100.0	.00	<i>Subt</i>

Now we see our tech has checked out all of the items. Most of them were ok but we did find the differential fluid should be replace so we are providing the customer with an estimate and we noted that the power steering fluid is seeping from the hose.

These items can be set-up to add estimates or have beginning lines of text so we only have to fill in the blanks. If we give a customer an estimate, the estimated item will automatically show in the customers recommended services.
