

Pace Software

YES Shop Management

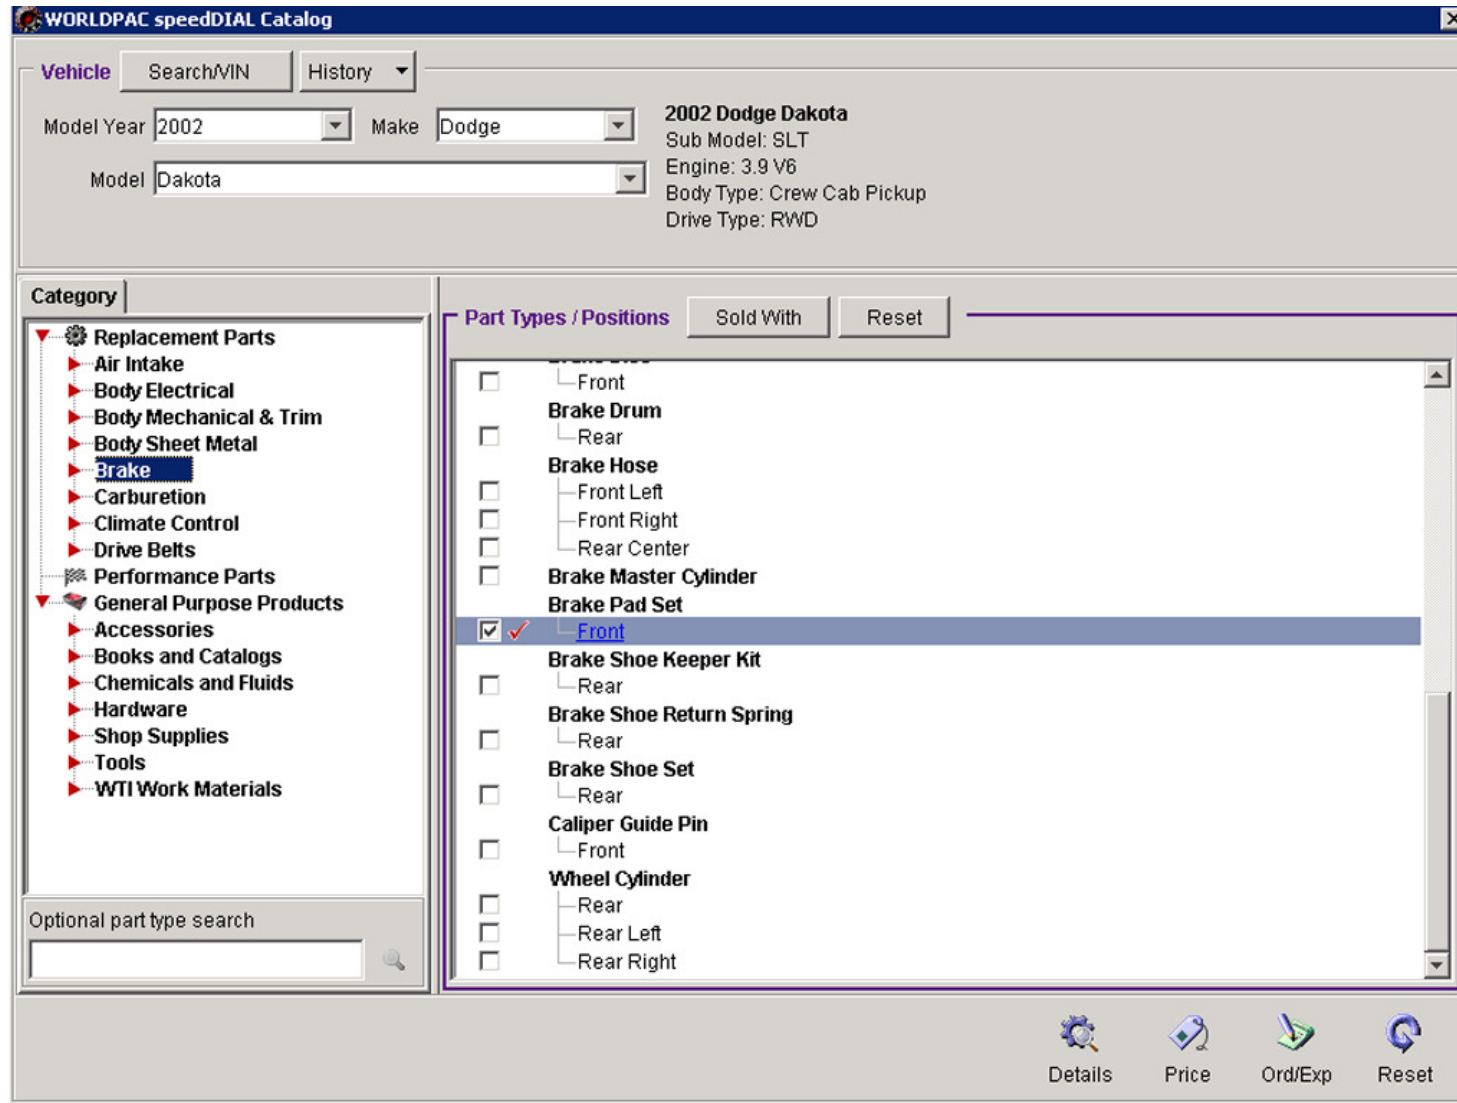

Online Part Ordering

We offer many different avenues to order the parts from your vendors online right through your shop management system.

What this means is that you can order parts directly from a ticket and once the ordering process is done, you can drop those parts on the ticket to eliminate multiple manual entries.

As long as you run the vin within the system, when connecting to the vendor, it will recognize automatically what vehicle you are working on in order to show the proper parts for said vehicle.

On the following pages, you will find further information for the vendors that our software integrates with and see a snapshot of how easy it is to quickly order your parts.

Using Worldpac is easy. Just choose a part, order and it will drop the information right onto the ticket.

Nexpart from WHI Solutions has accelerated Internet parts ordering. Now the industry standard, **Nexpart** allows service dealers, car dealerships, fleets, national accounts, government agencies and distributors to order quickly and easily over the Internet from their parts suppliers. **Nexpart** is a high performance site where speed is king. We keep you working fast, not waiting.

With only a computer and Internet connection, you can enter part numbers or use the on-line catalog, stock check your distributor and order parts. One click places your order printing the invoice at the chosen location. Your parts are pulled and delivered as normal. There is no software to install, no hardware to purchase, no complicated manuals to read and no messy computer integration issues. You keep your mind on business, not technology. It's as easy as 1-2-3!

Access is available virtually 24 hours a day, 7 days a week, allowing you to order parts at your convenience. Features like Interchange, Buyer's Guide and Order History allow you to sell more and save time managing your account.

Ask your distributor for a **Nexpart** login so you can start accelerating your parts ordering. For more information, contact [WHI Solutions Support](#) or call 914-697-9400 for participating distributors in your area, to get a preview of **Nexpart**, or for any of the other products from WHI Solutions.

If your vendor uses IAP or Acconex to connect for their ordering, we can choose a specific vendor or shop all vendors.

When the vendor uses IAP or Acconex, the available parts with pricing will show up in bold. You choose which parts you want to order, press order then drop onto the ticket.
