FOR IMMEDIATE RELEASE

Bayada Nurses Clinical Manager Wins Excellence Award

King of Prussia, PA – June 6, 2011 – Spring City resident Cecilia Weber, RN, clinical manager for Bayada Nurses, has received the national Ann Baiada Award for Excellence in Clinical Leadership. Bayada Nurses, a leading home health care provider, honored Weber on Saturday, May 21, 2011 at the company's annual conference located at the Academy of Music in Philadelphia, PA for her commitment and inspiration at Bayada Nurses.

"Cecilia Weber is the epitome of *The Bayada Way* [Bayada's mission, vision, and values]—she is compassionate, excellent, and reliable, and she is led by her heart in everything she does," said Kristin Kingery, Bayada Nurses area director. "Cecilia truly believes that our staff is our greatest asset and demonstrates this by her efforts to educate and support them in their work. She demonstrates the utmost honesty and integrity in everything she does and makes it possible for more and more clients to remain home with comfort, independence, and dignity by her dedication and hard work."

With 16 years of experience as an RN in the intensive care unit and 5 years at Bayada Nurses as a clinical leader, Weber has the skilled background to handle difficult situations effectively and efficiently. She is a part-time Bayada employee but is always available to help her clients.

Recently, her Bayada office received a new service request for emergent 24-hour care needing to start immediately. Despite her busy schedule, Weber accepted the case and met the family at 5 am the next morning. "Well if that's what they need, that's when I'll be there," said Weber.

This annual award, a tribute to Ann Baiada, RN, CRRN, Bayada Nurses director and wife of Founder and President Mark Baiada, was established in 2006 to honor clinical leaders who are a true role model committed to excellence, especially in the area of clinical leadership development.

“Cecilia Weber is a clinical leader that exemplifies Ann Baiada’s legacy to empower, inspire, and support our office team and field staff,” said Denise Garvey, RN, clinical manager for Bayada Nurses.

Founded in 1975 by J. Mark Baiada, Bayada Nurses provides nursing, rehabilitative, therapeutic, hospice, and personal home health care services to children, adults, and seniors in the comfort of their homes. Headquartered in Moorestown, NJ, Bayada Nurses employs more than 13,000 nurses, home health aides, therapists, and social workers who serve clients in 20 states from more than 190 offices.
