# CARTRIDGEQUALITY® GUARANTEES

## CartridgeQuality® 30-Day Guarantee

If for any reason you are not completely satisfied with your purchase, within 30 days of receipt of your order, we will gladly do one of two things of your choice:

1. Refund your full purchase price

2. Replace the product at no extra cost

*(some restrictions apply - please call for details)*

## CartridgeQuality® 6-Month Guarantee

We also warrant that, under normal use (*provided routine maintenance is performed*) our cartridges will not cause damage, abnormal wear or deterioration to any compatible laser printer, fax machine or photocopier. If a defect in our cartridge directly causes a printer to fail, we will reimburse our customers for the full amount for all related necessary service and repair.

**This warranty is dependent upon notifying our office immediately that there is a problem, and providing us with satisfactory evidence that the printer/fax failure was due to a defect in our cartridge. Return of the defective cartridge is required.**

We apply a tamper-resistant seal to each cartridge. If these seals are broken or removed, the guarantee becomes invalid.

Our liability shall be limited to replacement or reimbursement as provided above. This warranty is exclusive, and in lieu of all other warranties, expressed or implied, including warranties or merchantability and fitness for a particular purpose.

Brand name and OEM products are limited to the manufacturer warranty terms.

### Every Bit as Important as a Toner Cartridge

For fast, network laser printers such as those sold by Hewlett-Packard and LexMark (Optra S and Optra T) a Maintenance Kit is a consumable item every bit as important as a toner cartridge. Every 200,000 to 350,000 pages a Kit must be installed to insure dependable, jam-free operation.

For Personal or Small Workgroup HP LaserJet Printers such as the LaserJet II/III, IIP/IIIP, 4/4+/4V and 5 Series, a Maintenance Kit is an excellent alternative to purchasing a new printer. Printers with excess of 100,000 to 200,000 pages printed on them, perform as dependably as a new printer with a Maintenance Kit installed.

Through extensive testing, HP, IBM and LexMark engineers have identified laser printer parts that experience similar wear patterns over time. These parts used by laser printers are some of the same parts contained in the Maintenance Kit.

### Why Maintenance Kits Are Needed

Regular installation of a genuine maintenance kit in your printer helps you eliminate repeat service calls and maximize the paper feed and print quality performance of your laser printer. In addition, maintenance kits are priced substantially lower than if you were to purchase these same parts individually.

### Roller Kits... Stop Printer Jams - Save Money.

When your fuser is still operational, Roller Kits provide a cost effective alternative to a full Maintenance Kit. We assemble the replacement rollers into one complete convenient package for you, provide our own step-by-step installation instructions for free, and add a pair of gloves too. Then we price the whole kit at a fraction of the Maintenance Kit Price.

Our roller kits include all the rollers found in the full maintenance kit - plus, additional rollers we deem necessary for certain models. Install a roller kit midway between regular maintenance kits to help keep your printer free of the following kinds of problems:

- Pick-up rollers wear out, giving repeated paper jams
- Worn separation rollers cause more than one sheet to feed at once
- Transfer rollers wear, resulting in inconsistent print quality

## Just What is Magnetic Ink Character Recognition Toner (MICR)?

**MICR** characters are those mysterious, funny digits at the bottom of a check, sometimes referred to as the “**MICR** line.” These characters are the key by which all checks are automatically processed in the United States today. This automated process is based on a technology called Magnetic Ink Character Recognition or **MICR**.

CartridgeQuality Magnetic Ink Character Recognition (**MICR**) toner cartridges are manufactured to exacting industry standards for premium performance and dependability. To insure this, we use a Premium Grade **MICR** toner that meet all of the ABA/ANSI standards. **MICR** toner is primarily used in check printing applications.

Check with your Accounting Software provider (or third-party provider) for the ability to print on blank check stock using **MICR** toner. **MICR** Cartridges are available on most every make/model of laser printer on the market.

Our most popular **MICR** cartridges are listed here to the right.

Please call for a price quotation on models not listed.

# SERVICE & REPAIRS FOR LASER PRINTERS, COPIERS & FAX

## If It's On The Market Today, We Can Service It!

At QLS, our goal is to resolve your printer's problems on the first call... period. Our factory trained technicians have the experience to **pre-troubleshoot printer errors and image defects - before arriving at your office.** This way they are prepared with the service and/or maintenance parts your Printer or Fax may need.

Our main strategy for doing this is because we know how valuable your office's productivity is. We are committed to providing a quality of service that best meets this need.

- Unconditional guarantee on all work and services performed.
- All office repairs done on-site or a loaner is provided.

## Scheduled Preventative Maintenance Agreements

Our technicians are experts in maintaining the quality and dependability of your laser printers.

### Our Service-Agreements Include:

- 4 Hour & Next Day Response
- Priority On-Site Service
- All Parts & Labor Costs

QLS can also handle all your HP & LexMark Warranty Service paperwork as an Authorized Service Agent for both companies.

Prices Starting At:

- \$26.** Depot Service at our Office
- \$39.** Nationwide Mail-in Program
- \$49.** We Visit Your Office

## Document Management Consultants

A Quality Laser Company

### Print and Distribute Document Flow... YESTERDAY

### Print & Distribute Document Flow... TODAY

STOP THE "PAPER CHASE" AND START MANAGING YOUR DOCUMENTS

Manually searching through file cabinets is time consuming and frustrating. (On average, 2-4% of documents are misfiled at any given time)

Single copies of documents demand file-sharing; multiple copies increase cost

Approximately 45% of office time is spent on document storage and retrieval; As volume increases it demands more valuable office space for storage.

Customers must wait as files are found and examined; files easily misplaced.

Ease of use: indexed files for faster access than paper or microfilm; central location

Convenient multiple-user access

Cost savings: reduced administrative expenses, optimized office space as cumbersome file cabinets are eliminated

# WHY BUY FROM QUALITY LASER SERVICES?

## What is CartridgeQuality®?

CartridgeQuality® brand Compatible Imaging Cartridges are manufactured by Quality Laser Services for use in popular laser printers (especially HP LaserJet and LexMark Optra Series printers), fax machines, photocopiers as well as various other multifunction devices.

## No Core Charges - NO Exchanges Required (on our most popular cartridges)

CartridgeQuality® products are manufactured in our Buffalo, New York facility, using new and reclaimed components with mostly domestic toners. New imaging cartridges are generally made overseas and imported into the U.S.

## Why Buy CartridgeQuality® Products?

CartridgeQuality® brand Compatible Imaging Cartridges are equal or better in output and image quality to your original cartridge. Moreover, our products provide considerable savings over OEM cartridges - easily saving 30 to 60% over buying new - hands down! We always utilize new and reclaimed domestic components instead of high priced imported materials.

## The Quality Laser CartridgeQuality® Guarantees

We offer both 30-Day and 6-Month Guarantees. See inside for all the details.

## Environmental Responsibility

Since Quality Laser's Compatible Imaging Cartridges use reclaimed empties, they eliminate the need to produce a new replacement. We also collect empty cartridges for recycling, proving our environment responsibility by saving them from our planet's already overloaded landfills.

## Equal Quality. Equal Quantity. Big Savings.

CartridgeQuality® Imaging Cartridges save you money, perform as well or better than original equipment and are good for the environment. Why use anything else?

**CartridgeQuality®**  
Premium Quality Compatible Imaging Cartridges
