

# Gordon Gekko Called. He Wants His Copier Back.

We all used them - the original devices that once seemed so cutting-edge. But we were savvy enough to upgrade to the latest technology when it became available to make our lives better and businesses more efficient.

**So...  
why are  
you still using  
that outdated  
photocopier?**

**Dial forward to 2013 to QLS Solutions Group Advanced Document Scanning and Workflow Solutions - utilizing the latest HP MFPs Technology & Software.**

## *Today's Technology:*

- » Cloud-based apps for integrated collaboration.
- » Web printing from anywhere using your tablet, iPhone or Android device.

As paper continues to become less relevant - there's no need to commit to page volumes or contracts,

**Pay for what you print. Period.**

*Call QLS Solutions Group today - we'll get the copier back to Mr. Gekko for you.*
