LANGUAGE! IN eBooks

Focus on English Learning with Everyday English Plus

PROVEN LITERACY INTERVENTION GOES DIGITAL

LANGUAGE!® is an intensive intervention for students in grades 4–12 who are substantially below grade-level expectations for literacy. With an explicit, systematic approach that is proven to accelerate the growth of struggling readers and nonreaders, LANGUAGE! integrates instruction across key literacy strands—foundational skills, writing, vocabulary, fluency, grammar, comprehension, and spoken English. LANGUAGE! Focus on English Learning (FOEL), provides additional research-based strategies that help students acquiring English become strong, confident readers.

With this release, all components of LANGUAGE! have been preserved, while making the FOEL and Everyday English Plus materials accessible in a cloud-based platform.
