## **PLAN AUTOMATION** strengthens financial foundation!

The partnership group at Plan is very pleased to announce the appointment of Ann Hayward as General Manager and CFO of the Plan Automation Group effective December 8, 2014.

This acquisition coincides with the move into our new corporate headquarters located at 289 Broadway Avenue in Orangeville.

As a certified CPA, Ann brings almost thirty years of professional accounting and business management experience to Canada's fastest growing automation organization. With a mandate to develop and implement enhanced administrative systems and financial controls, Ann will be responsible for the management of all day to day business operations at Plan.

With a broad background in statistical analysis and financial reporting, Ann will provide the ownership group with the information and data that is essential to the continued growth and success of the organization. As a team builder, her established leadership and mentoring skills will create a very efficient and harmonious workplace environment.

Ann will report directly to the Senior Managing Partner, JP Perreault. Please take a moment to welcome Ann to the Plan Automation family.
