

happy customers, higher profits!

"The RMS POS System has helped us improve customer service in many ways. Our customers get quick answers to their questions as our data is accessible at the registers. Giving answers on the spot makes many customers say 'wow.' That makes us not only look good, but feel good too.

Expediency is what it's all about throughout our store – in the pharmacy, gift shop and café. We deal with a huge amount of data, and RMS allows us to filter through and get exactly what we are looking for. Having this kind of technology is important to us, we are always looking for more. From what we see in the marketplace, there is nothing that compares to RMS. With RMS, there is always more to tap into, we continue to learn more ways to make the system work for us.

All in all, we are very happy with the system. It allows us to interact on a personal level, on a 'technology is our friend' level. With the time savings it allows us to provide our customers with the level of service they have come to expect from us."

*Bill Hayes
Haworth Apothecary*

Our Star-Lite and Star-Plus Point-of-Sale Systems and our Star-Link Enterprise Solution are receiving rave reviews from happy users like Bill Hayes.

Why not treat yourself to a new POS system in your pharmacy?

All of our products run on a Windows platform, making them as functional and easy to use as your home computer! And best of all, our systems are fully integrated and scalable to meet your needs – so your system can grow as you grow.

And with the 2008 U.S. Economic Stimulus Act you will be able to write off up to \$250,000 of new equipment expenses in 2008.*

Here are some of the features RMS offers:
