GNP owners choose more RMS systems than any other brand

OLYMPIA, Wash. – Retail Management Solutions POS systems were chosen by more Good Neighbor Pharmacies (AmerisourceBergen) than any other brand of point-of-sale technology, for the year 2009.

For the year, 100 GNP pharmacies chose RMS POS systems. That constituted 45 percent of the POS installations for the year in GNP locations. The rest were spread among five other suppliers.

“We are proud to provide the most popular and pharmacy-proven POS systems to independent pharmacists,” said Brad Jones, president and CEO of Retail Management Solutions. “This reaffirms our continued focus on transaction and productivity solutions specific to the independent pharmacy market.”
