Practical solutions
for safe, secure and
compliant logistics

HOW LSSI CAN HELP

LSSI can help companies that:

- want their employees to remain focused on daily operations, but have special projects that need attention
- lack the project skills that would take considerable time to learn or acquire
- require a one-time project completed in a time sensitive manner
- require gathering and assessing confidential information
- need an industry perspective on best practices

ABOUT LSSI

Logistics Safety Solutions, Inc. (LSSI) was founded on the philosophy that clear, concise and practical procedures can significantly improve a company's safety and compliance performance. Paul Little, the President of LSSI has a strong background in transportation safety, security, emergency response and crisis management, with over 30 years of experience in the Canadian and US chemical industries. LSSI provides a range of valued-added services to its clients that can often address the weak spots in an organization's documentation and work practices. LSSI can make an assessment and provide ready-to-implement procedures that allow employees to stay on task and support their customers.
