## Experience

SAUNDERS, COPCHICK & LEE, New York, NY 2013 to Present  
**Internet Marketer / Web Designer (Contract/Consulting)**

Recruited to help grow small legal practice by developing and executing low-budget digital marketing campaigns. Accountable for designing marketing messages, creating and managing online ad campaigns (including Google Adwords), and building a positive web presence.

- Increased sales 78% in 6 months by designing partnership's first website, launching a blog, and implementing low-cost SEM campaign.
- Established firm foundation for SEO success by developing keyword-based content plan and editorial calendar.
- Further grew sales by recommending targeted marketing aimed at specific demographics.
- Currently setting up email newsletter, social media presence, and simple CRM system in order to improve client/prospect engagement.

XYZ CORPORATION, Washington DC 2011  
**Marketing & Communications Intern**

Joined this manufacturing company immediately following a significant merger and assisted the marketing department through an extremely busy and rapidly changing period. Accountabilities included monitoring AdWords advertising campaigns, assisting with SEO and SEM projects, proofreading online ads and creating banners and other graphics using existing templates.

- Assumed additional responsibilities after two interns were let go at short notice.
- Conducted keyword research for SEO/SEM marketing initiatives, identifying several opportunities to quickly achieve good rankings.
- Cleaned up contact database by removing duplicates and invalid contact information, thus saving money on direct mail campaigns.

## Freelance Work

- Provided freelance web design services to small businesses, helping several organizations establish a successful web presence for the first time (2010 to Present).
- Assisted family business with marketing strategy, creating and executing comprehensive plan to increase leads and drive new sales.
