# Fruit Juices

*Twisted Alchemy is the juice solution for your quality craft cocktails.*

*100% Cold Pressed Brix Curated™ Juice - for those who care about quality in the glass, but would rather spend time creating killer new cocktails than juicing and cleaning. Dedicated to helping you create the best-tasting craft cocktails possible. All about more fresh juice and less work.*

*Twisted Alchemy is made by using state-of-the-art technology inside a tightly-controlled, always refrigerated, cold-pressed juicing facility.*

*Fresh citrus is the foundation for many authentic handcrafted cocktails that only fresh juice can deliver.*

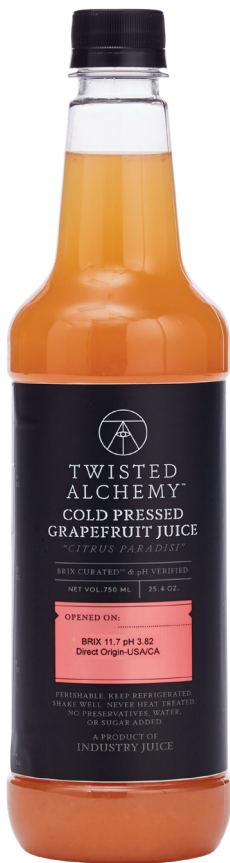

## Twisted Alchemy Juices are:

- HPP pasteurized.  
Modern pasteurization that is done through water pressure rather than heat. This process keeps the juice raw/ cold pressed.
- 120 day shelf life from production - when bottle remain sealed and properly refrigerated.  
Approximately 7 days once bottle has been opened and properly refrigerated - - as the juice will oxidize at the same rate as juice squeezed on site.
- DOH safe.  
Unless juice is squeezed on site, juice must be pasteurized for bar use.
- Brix content taken into consideration when sourcing fruit for consistency. Brix count is listed on bottles.
- PH is controlled so that all batches are consistent...Specifically for the watermelon.
- Used at Tales of the Cocktail, Speedrack, and for Diageo events.

# Fruit Nectars & Juices

***Amifruit juices and nectars are produced by an artisanal enterprise specializing in the production of fruit nectars and vegetable juices.***

***It is located in the charming village of Saint-Romain-en-Jarez near the Monts du Lyonnais Hills in the region of Auvergne-Rhône-Alpes.***

***The fruits are meticulously sourced, which fully express the terroir characteristics of different regions of France. Tropical fruits and citrus, come from cooperative partners from Africa and Europe.***

***By way of advanced technology, the juice is carefully obtained using centrifuge, preserving the natural quality of the fruit, their unique taste and aroma. Each batch of beverage passes independent full operational control, which guarantees their safety and compliance with European standards.***

***Excellence authenticity and craftsmanship are evident when Amifruit juices and nectars are consumed alone or within a cocktail!***

# Fruit Purees

**Over the years, Ravifruit has developed and perfected a unique process (variable temperature cold system) that preserves all natural fruit characteristics and qualities in the finished products. This process ensures that no oxidation occurs. No colorings, flavorings or preservatives are ever used.**

**Ravifruit also applies a controlled chain of tests (microbiological, physical, chemical and sensory) to every stage of its process within the HACCP guidelines which guarantees high standards and constant levels of quality.**

**With no added flavors, colors or preservatives, the composition of the fruit purees is totally natural: 90% fruit pulp and 10% sugar. The purees are perfect for high-end cocktails.**

## Welcome Tom Richter

Formalist and Chief Bottle Washer

Tomr's isn't ready to drink tonic, it's tonic water concentrate. Simply mix one ounce with club soda and your favorite spirit(s) and you've got yourself a delicious drink! We should probably mention that it's an all natural, organic tonic concentrate made using the bark of the cinchona tree, which is the original source for quinine and the source of its beautiful rust color. One taste and we know you'll be hooked!

Size: 750 ml (25.36 fl oz).

*"Life is too short to drink crappy tonic"*
