

## Options & Accessories

### Art Glass

Art glass adds color and beauty to your entranceway, while allowing you to make a truly individual statement. It is available for all Andersen architectural entranceways, and patterns can be modified to accommodate the size or shape of any glass area. For maximum energy efficiency and stability, art glass panels are permanently sealed between the insulating glass panes. Patterns in addition to those shown below are also available, as are custom designs. Ask your Andersen dealer for details.

### Frank Lloyd Wright® Series

Adapted from windows Frank Lloyd Wright designed, this series remains true to the principles that governed his original work: simplicity, unity and nature. Each panel is handcrafted by skilled artisans using centuries-old techniques and, as often as possible, the glass is selected from the same sources specified by Wright himself.

### Classic Series™

The four styles included in our Classic Series™ panels represent major architectural design themes from the late 1800's through the 1930's. Their symmetric patterns are available in distinctive color schemes as well as colorless glass, and their coming may be finished with a gold tone, silver tone or antique patina.
