## With the PaaS™ Plan, you get:

- **Full POS Functionality.** Choose from one of our innovative & top quality point-of-sale solutions designed for your market. You can include features for order-taking, table management, delivery, reporting, employee management, inventory, marketing, and back-office—all you need to make your business successful. Choose a Windows-based or Browser-based system.
- **Solid, Reliable and Worry-Free Hardware.** We'll ship you the touch screen computers, servers, printers, card swipes, cash drawers — everything you need for a complete POS system. And all hardware has a life-time warranty — as long as you are a subscriber, we'll replace it for free!
- **Reliable & Friendly Customer Care.** Our implementation specialists will help you get up and running with your new system — either through our phone training program or an on-site implementation plan. Then call us anytime for assistance with your system!
- **Always-up-to-date Technology.** The software upgrades are on us.
- **A Complete Technology Solution,** with easy-add online ordering, smart phone ordering, above store marketing, multi-store reporting, menu & coupon management. As your needs grow, we're here to help with a one-stop solution!
- **Predictable Technology Expenses.** Why divert your cash flow into a large technology purchase that will immediately begin depreciating? Choose our PaaS™ plan for a small initial investment and a predictable monthly payment.
- **No Long Term Commitment!** Pay as you go for as long as you need our solutions, with as little as a 6 month initial contract. Need to expand? Add terminals at any time.
- **No Credit Check - Everyone Qualifies!** Don't tie up your credit lines or worry about credit history. Even if you are a new restaurant, you qualify for the PaaS™ plan!

**Start enjoying the benefits of a POS system for your business today!**
