Company Overview

iTeam is the leading provider of . . .

Contingent Workforce Solutions

for on-premise technology services

addressing critical enterprise staffing gaps

--- skill sets --- availability --- geography ---

with guaranteed results.

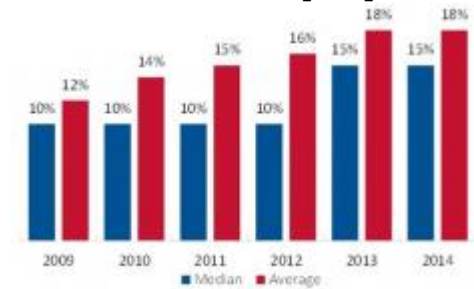

Workforce Megatrend

- **Megatrend**

- 1 out of 3 workers part of flexible workforce [Freelancers Union, Sept. 2014]
- Over 50% will be contingent by 2020
- Enterprises are seeking alternatives to expensive, underutilized, in-house resources

Contingent Share of Workforce
2009-2014 [SIA]

- **Leveraging the Extended Workforce Has Risk**

- Execution risk – managing contingent resources to a desired outcome is not your core strategic focus. Cost of poor execution can be substantial.
- Compliance / reclassification risk – non-compliance with labor laws and regulations can result in substantial penalties and liabilities

Outsourcing Your Workforce Can Have Big Payoffs

- Agility to respond to new business opportunities
- Substantial cost savings
- Increased profitability
- Increased market value

But, it must be done correctly!

iTeam Can Help

iTeam will . . .

- Manage the labor
- Own the execution
- Optimize your outcomes
- Delight your clients
