 Nextech

Plastic Surgery Specific - Fast, Flexible, Easy to Use

FULLY INTEGRATED SPECIALTY SPECIFIC SOLUTIONS

Managing patient volume and providing an exceptional patient experience is inherent to every plastic surgeon. Nextech's seamless, end to end solution suite increases efficiency across all functional areas of a practice. Intuitively designed and easy to use, Nextech's robust, fully integrated solutions are flexible and allow each physician to personalize the system to their prescribed workflow.

ELECTRONIC MEDICAL RECORDS

Providing thoughtful, thorough care while maintaining patient volume and the speed of documenting are chief concerns to plastic surgeons. Enhance productivity with easily adaptable pre-configured and personalized notes.

- Maximize bill capture while documenting an encounter on a PC or on an iPad
- Streamline treatment and safeguard against drug interactions with integrated ERx
- Optimize documentation with smart stamping, drawing on images, and automatic dictation

Optimize Office Efficiency

Seamlessly integrated, single source solutions provide complete medical and financial patient records

PRACTICE MANAGEMENT

Maintaining productivity and profitably while ensuring compliance and the continuum of care is essential for plastic surgery practices.

- Personalized to individual provider and administrative workflows
- Ensure recall compliance and enhance co-management
- Maximize charge capture through E&M coding and EMR billing integration with ICD-9 to ICD-10 crosswalks
- Increase elective procedures with integrated inventory and point of sale med spa integration

REVENUE MANAGEMENT

Improve practice profitability with advanced revenue and reporting tools. Nextech's advanced Revenue Management system is designed to help physicians decrease reimbursement rates and denials while managing complex coding compliance.

- Increase revenue with e-eligibility, e-remittance, and advanced reimbursement management
- Improve ROI and effectiveness of marketing tactics, point of sale services, and consumables
- Integrate credit card processing to streamline account receivables

Increase Practice Profitability

Reduce rejections and denials and improve reimbursements with robust financial reporting

PATIENT ENGAGEMENT

Surpass simple interaction, achieve Meaningful Use and improve communication, consultations, and patient education through integrated tools.

- Maximize efficiency with a secure, HIPAA compliant, fully integrated patient portal
- Enhance the patient relationship with reminder and outreach services
- Reduce missed appointments and increase elective procedures with integrated marketing
- Facilitate patient education and referrals with integrated forms and letter writing

Enhance Patient Communications

Increase efficiency and decrease data entry with intake forms, appointment and prescription requests online

MOBILITY

Increase speed, maintain patient volume, enhance documentation, and remain accessible anytime, anywhere.

- Manage your schedule in synchronized real time on your smart phone or iPad
- Increase documentation speed and save time and money with integrated dictation
- Enhance patient visits with quality face time through unobstructed iPad use

Improve Workflow

Improve productivity, proficiently manage your schedule and decrease documentation time with Nextech's mobility solutions

TESTIMONIALS

Ranking as the top provider of specialized healthcare technology solutions, Nextech collaborates with providers to continuously innovate its solutions to efficiently operate today's plastic surgery practice. Since its inception in 1997, Nextech has been a trusted healthcare solution provider to more than 7,000 physicians and 40,000 office staff members.

"Nextech has supported me every step of the way, from hardware purchasing, implementation, on-site training, and program customization. The best part of having Nextech is the technical support. A live person is only a phone call away."

~ Guy Cappuccino, MD, Mount Airy, MD

"Over the last 10 years as my practice grew exponentially, Nextech's unique ability to adapt and expand to accommodate our growing needs helped propel us to become the highly efficient, well-run, successful office we are today."

Lisa Cassileth, MD, Beverly Hills, CA

"Hands down, best investment of my medical career. Over the years we've cut costs and increased efficiency by implementing all aspects of Nextech."

~ Philip Miller, MD, New York, NY
