EXCLUSIVE INSURANCE PRODUCT. As a Sperry Van Ness® [SVN] Property Management client, you have access to our exclusive Master Insurance Program, which has provided significant savings to property owners on their premiums as well as well as provided more comprehensive coverage on their asset.

OPPORTUNITIES TO INCREASE NOI. The ability to leverage national vendor relationships and our community of Advisors to assist with leasing, means property owners can create numerous opportunities to increase NOI.

ENERGY EFFICIENCY & SUSTAINABILITY. SVN has created SVNGreen.com for easy access to cost-effective, energy efficient and sustainable solutions. SVNGreen professionals can provide you with options in minutes as well as find rebates, create requests for proposals and bid the job to qualified contractors.

RISK MANAGEMENT. Our property management professionals put your asset first through the consistent monitoring and documenting of the condition and activity at your property, regardless of the type of lease on the property.

COMPREHENSIVE CUSTOMIZABLE REPORTING. We provide our clients with comprehensive, customizable reports each month. Whether you are an individual property investor or an institutional investor with a portfolio, we report the timely information you need to make important decisions.

TECHNOLOGICAL INFRASTRUCTURE. At SVN we pride ourselves on partnering with the best-in-class products and vendors to assist our Advisors and staff more efficiently.
