Cloud Medical Image Exchange

Create your DG ImageShare account to retrieve, store and share your medical image exams.

With your exam ID/Token in hand, go to:

https://imageshare.dicomgrid.com

Follow the on-screen instructions to create your account and retrieve your image exams.

It's a better way.

Your personal cloud-based medical image exchange account will free you from storing medical image CDs, and allow you to share images in your account with healthcare providers at any time in the future.

It's secure.

Your DG ImageShare account will always be safe, secure, and completely private. Access to your medical image exams is controlled solely and entirely by you.

It's fast, and free.

DG ImageShare is free for patients. It takes only a few minutes to create an account, and it's easy to retrieve, view, or share your medical image exams.
